## REVERSED

Purchase of the Water Plant  
By the City Knock-  
ed Out.

Supreme Court Reversed  
Judge Lewis' Decision in  
the Truelsen Case.

Held that Questions Were  
Not Fairly Presented at  
the Election.

The state supreme court has reversed the decision of Judge Lewis in the case involving the purchase of the gas and water plant by the city. The result is that the election authorizing the issue of bonds and the purchase of the plant is declared void and all the subsequent proceedings of the common council touching the consummation of the purchase, thus carrying out the expressed will of the people, are of no effect. The result will be deeply deplored by the vast majority of the people of Duluth who looked forward confidently to the purchase of the plant by the city and the extension of the water mains to portions of the city now without a water supply, as well as the removal of the intake pipe to a point farther down the lake shore.

While the decision is against the city and the opponents of purchase have won a legal victory, it is well to remember that the people declared by their votes in favor of purchasing the gas and water plants. By a majority of 19, they voted in favor of proposition 5, to purchase the gas and water plants. Even admitting all the claims of the opposition, there was still a majority of 25 in favor of that proposition, while the first proposition, authorizing the issue of bonds to make purchase, and the tenth proposition, authorizing the issue of bonds for extensions, were carried by large majorities. The proposition to construct an independent water plant was defeated by an overwhelming majority.

**SUPREME COURT DECISION.**  
The decision was handed down by the supreme court this afternoon and holds that the questions in the bond election were not fairly placed before the people. Upon this ground alone the district court is reversed. A St. Paul special to The Herald gives the syllabus as follows:

In the matter of the contest by Henry Truelsen, etc., Henry Truelsen, appellant, against Ray T. Lewis, mayor of Duluth, et al. respondents: Syllabus: 1. Held, under that portion of the charter of the city of Duluth, found in special laws 1891, chapter 55, section 25 that the city council was authorized to submit a proposition for the election to vote upon the issuance of water and light bonds to the extent of a certain specified amount for the purpose of erecting or purchasing a water and light plant, that is, a combined plant, provided certain other propositions clearly contemplated by the law were at the same time fully and fairly submitted to a vote of the electors, and, with the same conditions, the council was also authorized to submit to said electors the question whether the proceeds of said bonds should be used to erect a new plant or the purchase of a plant then in existence in said city.

2. Held further, that as against the proposition first above mentioned the other propositions relative to the erection or purchase of water and light plants separately were not fairly and justly submitted to the voters at the election in question, and that such propositions were submitted in a manner which may have prevented a full and fair expression of the will of the voters on their merits. Judgment reversed.

Dr. Price's is the purest and strongest of the baking powders, is more economical than any other kind.

## FOUR REVERSALS.

Justice Start Upsets the Lower Court Rulings.

St. Paul, May 6.—Chief Justice Start, of the supreme court, this morning handed down six decisions, in four of which the decision of the lower court is reversed, in one it is modified and in the other affirmed.

One of the important reversals is in the case of Charlotte Olson vs. the Clonnet Lumber company. Mrs. Olson, with her husband Philip, and one child, occupied a cottage near the mill of the lumber company at Clonnet, which it appears the company removed, on the ground that it was in dangerous proximity to the mill. The Olsons had occupied it for six years and did not propose to move. Several months ago the company, under the direction of George K. Shaw, the general manager, attacked the house and tore it off its foundations. The complaint sets forth that as a result of this action, Mrs. Olson's health was permanently ruined and that she became insane. Damages are asked to the amount of \$500. The company demurred to the complaint on the ground that it did not show that Mrs. Olson or her child were present at the time the house was attacked; that if she became ill or insane thereafter it could not

have been traced directly to the assault on the house; furthermore that it was not shown that the Olsons owned the property on which the house was located.

The plaintiff asked to have the demurrer overruled on the ground that it was frivolous, and the motion prevailed in the lower court, but the supreme court reversed the decision, applying the rule that a demurrer should not be struck out as frivolous unless it be manifest from mere inspection without argument that there was no reasonable ground for interposing, applies. A decision of interest to holders of building and loan association stock is that of W. E. Henkel against the Pioneer Savings and Loan company, of Minneapolis, in which it is held that an association of this kind cannot forfeit absolutely to itself the shares of a member who defaults in payment of dues, but that it must sell the shares and after indemnifying itself out of the proceeds, shall pay the balance, if any, to the shareholders. This reversal of the lower court's decision.

Other decisions were as follows: Emma A. Kuntz et al. vs. St. Paul & Duluth Railroad company, et al. appellants. Judgment reversed. McCormick Harvesting Machine company, respondent, vs. Joseph Doucette, appellant. Order reversed. First National bank of Fergus Falls, respondent, vs. Security Bank of Minneapolis, appellant. Judgment modified. Charles E. Bond as administrator of the estate of F. A. Nelson, deceased, appellant, vs. F. H. Welcome, respondent. Order affirmed.

**RAMSEY COUNTY ASSESSOR.**  
St. Paul, May 6.—The supreme court by Judge Collins, this afternoon handed down a decision in the Ramsey county assessorship matter, holding that the portion of two charters providing for the office of president of the common council, as amended by the amendment of 1891, and that the office was then abolished, therefore it falls to the assessor, respondent, vs. John Smith, as chairman of the board of county commissioners, to elect the assessor. Other decisions filed late this afternoon were: William O. Long, respondent, vs. City of Duluth, appellant, order reversed. Otis W. Perkins, respondent, vs. Chicago-Great Western Railway company, appellant, order reversed.

## COMMITMENT LEGAL.

Supreme Court Upholds Imprisonment by Court-Martial.

Washington, May 6.—Most interesting of the several cases decided by the supreme court today was that of David B. Sayre, formerly a clerk to the paymaster at the Norfolk navy yard, against Capt. M. L. Johnson, of the navy. In November, 1894, Sayre was sent by the court-martial to two years imprisonment in a naval prison for misappropriating about \$2000 of government money. Sayre appealed to the United States circuit court of the Eastern district of Virginia, on the ground that his sentence was contrary to the constitutional provision that citizens shall not be deprived of liberty except by due process of law and upon a presentment or indictment by a grand jury.

Judge Hughes, of the circuit court granted the writ of habeas corpus on the ground that the court-martial today reversed his ruling. Judge Hughes had held that Sayre's conviction could not be sustained by that clause of the constitution excepting "cases arising in the land or naval service, in time of war or public danger," because the country was not then in war.

Justice Gray who delivered the opinion of the supreme court said that the opposite construction had always been presumed. Those citizens in the army and navy were in the actual service of the United States, whether in war or peace, and the military and naval authorities had jurisdiction and custody of their persons.

The principle involved in the case is considered of vital interest to officers and enlisted men, and the decision had been seldom questioned, and had the supreme court sustained him the court-martial would have been overturned.

In the case of the corporation of the Catholic bishops of Nebraska, in Washington Territory, vs. John T. Gibson, R. T. Yeatman and the United States circuit court for the district of Washington was affirmed.

Does your mouth water for a real delicacy? Try shortcake made with Dr. Price's baking powder.

## PROMINENT DEAD.

Kelly.—At Winnetka, Ill., James Kelly, aged 86 years, of old age. Pioneer of Chicago and one of the founders of the Chicago Tribune.

Fielding.—At Bryn Mawr, Pa., Howard Fielding, aged 67, of pneumonia. Prominent in the lumber and mining and appointments excels everything in the harbor at present. The Zenith is adapted to harbor or lake work and is ninety-five feet over all with a 20-foot beam. She will draw when loaded about ten feet nine inches. The boiler will carry a pressure of 145 pounds.

She is fitted out with all the latest conveniences for tug. Her crew will consist of captain, mate, two engineers and two firemen. She is in command of Capt. Henry E. Ditzel.

**MAY ABOLISH TRIMMING.**  
The Minnesota Iron company is trying the experiment of sending out its boats from Two Harbors without trimming, and if the experiment is successful it is said that trimming will be abandoned, saving \$75 to \$100 on a cargo and throwing a number of men out of work.

**GENERAL NOTES.**  
Capt. W. S. Mack and William Becker, of Cleveland, who have for some time been fighting with Capt. Thomas Wilson for the purchase of the schooner Wadena, closed the deal a few days ago. The price was \$30,000. The Wadena was built by the Quakers of Cleveland in 1887. She carries about 1600 tons from

**NAVAL RENDEZVOUS.**  
Chiefs of the powers are fast assembling at Kiel for the annual naval review. Already eight Russian warships, including three torpedo boats, have gathered here and more are expected. In addition another British, French, American and two German warships have arrived here.

**NOT TIME ENOUGH.**  
Minneapolis, May 6.—The syndicate of yachtsmen which was considering the advisability of having Arthur Dyer, the Minnetonka boat builder, construct a speed defender to meet the Albatross, has been forced by the lack of time before the final contest comes off to give up the project until next year.

## WABINE

Two Boats Are Chartered  
With Coal From Buffalo  
to Duluth.

They Get Twenty Cents With  
No Fuel Arrangement  
With Shipper.

Vessels That Have Passed  
the Sault, Port Huron  
and Detroit.

Cleveland, May 6.—(Special to The Herald).—H. J. Webb & Co., agents of the Edwards and the Golden Age, say that these boats get 20 cents on coal from Buffalo to Duluth, and that the steamer is not bound by any fuel arrangement with the shipper.

**PASSED DETROIT.**  
Detroit, Mich., May 6.—(Special to The Herald).—Down: John Mitchell and consort, 7 a. m.; North Wind, 9:30; Maton, 9:50; Masaba, 10:15.

**THE SAULT PASSAGES.**  
Sault Ste. Marie, Mich., May 6.—(Special to The Herald).—Up: Doty and consort, 10:15; Lake Erie, light for ore, 11:30; Barge 107, Lake Erie, light for ore, 1:30 a. m.; Wright, 2; Ward, 4; H. H. Brown, 6; W. C. Algonquin, 7:30; Lewiston, 8:30; Glasgow and consorts, 10; Down: Manola, 10 last night; Runnels, Livingston, Roseville, J. Hayward and consort, Vulcan, 1 a. m.; Maritana, 2; Samuel Mitchell, Saginaw and consort, 10; Olympia, 5; Colgate and consorts, 2; Brazil, 3; Schuck, Northern King, 9:30.

**PASSED PORT HURON.**  
Port Huron, Mich., May 6.—(Special to The Herald).—Up: 10:30; 12:40; Grant (wood), 1:15 a. m.; Hope and consort, 3; Schuykill, 7:15; Forbes and consort, 10; Down: John Mitchell and consort, midnight; Masaba, 6 a. m.; Maritana, 8:30; James Lockwood, 9:30; Vanderbilt, 9:30; Charles Eddy, 10.

**CLEARED AT BUFFALO.**  
The sale of the S. F. Hodge means the inauguration of a new line by Eber Ward, says a Buffalo dispatch. The steamer C. E. Ford will make a connection with the Hodge, and a barge is to be provided for each purchase. It is said that P. H. Hodge, of Chicago, is in the deal. The light between the lake and the Northwestern railway line is expected to afford an opportunity for obtaining business for the new line.

The sale of the S. F. Hodge means the inauguration of a new line by Eber Ward, says a Buffalo dispatch. The steamer C. E. Ford will make a connection with the Hodge, and a barge is to be provided for each purchase. It is said that P. H. Hodge, of Chicago, is in the deal. The light between the lake and the Northwestern railway line is expected to afford an opportunity for obtaining business for the new line.

There is going to be plenty of sparring over the division of the eastbound percentages, but it is not believed that there is any lake competition that can do more than cut off the 2½ cents that the Duluth route commands over the Chicago route. Already the Lake Superior lines confess that this will have to be done before long and are prepared for it.

The Western line passenger steamers Empire State, Badger State and Idaho were last week towed up the creek and laid up indefinitely.

North and South unite in approving the splendid qualities of Dr. Price's baking powder.

**A HANDSOME TUG.**  
At 4 o'clock yesterday morning Capt. W. H. Singer's new tug Zenith arrived in Duluth with the recently purchased barge Manitowoc in tow. The new tug is a beautiful craft, and in finishing and appointments excels everything in the harbor at present. The Zenith is adapted to harbor or lake work and is ninety-five feet over all with a 20-foot beam. She will draw when loaded about ten feet nine inches. The boiler will carry a pressure of 145 pounds.

She is fitted out with all the latest conveniences for tug. Her crew will consist of captain, mate, two engineers and two firemen. She is in command of Capt. Henry E. Ditzel.

**THE MADAGASCAR WAR.**  
Paris, May 6.—Additional advices received here from Majunga regarding the victory of the French on the Betaloka river on Friday last, show that the Havas lost 300 men including several chiefs. The French forces captured a number of prisoners, several guns and a quantity of provisions. The French losses were only one killed and four wounded.

**DR. BUCHANAN'S CASE.**  
Sine Sing, N. Y., May 6.—Warren Sage said today that, acting on the advice of Attorney General Hancock he had abandoned the idea of executing Dr. Buchanan on Wednesday. The second respite by the governor will expire then, but owing to the legal matters, the execution according to the opinion of the attorney general must be delayed until the courts again decide the questions raised by Buchanan's lawyers.

Lake Superior and will tow with the steamer V. H. Ketchum.

The steamers Globe, Parks Foster and Ira Owen will be handled this season by Capt. George F. McKay, manager of the Hanna fleet.

The price for unloading ore at all Lake Erie ports will be 1½ cents per ton, the same as paid last season.

The steamer quarters of the steamer North West have been converted into a second-class cabin, which will be furnished with cheaper meals cooked in a separate galley.

At Buffalo the Western Transit company caused the barge Iron Queen to be loaded for collision damage amounting to \$1000 inflicted upon the steamer Chicago in the river at Chicago last August.

The whaleback steamer Pillsbury has just completed a round trip between Buffalo and Gladstone in five days, seventeen and one-half hours.

The Erie canal opened Friday with the lightest business in forty years.

Low water at the Sault is cutting down the cargoes of big steamers from 300 to 400 tons each.

The steamer Fred Kelly has been chartered by the Illinois Steel company. She will carry rails and nails to Duluth and ore back from Two Harbors.

As most of the grain reaching Buffalo is consigned to railway elevators some delay has been entailed upon the first fleet of the season.

Coal and ore cargoes are being insured on blanket contracts at 16 and 18 cents per \$100 respectively.

The China, the first of the Anchor line passenger and package freight boats, got in this morning. She carries this season a jurymast rigged about amidships on which a light is carried in accordance with the new and, according to vesselmen, idiotic regulations regarding ships' lights.

## MURDER

Another Tragedy Added to  
the List Making Minneapolis  
Notorious.

H. W. Thomas, Superintendent  
of the Soo Telegraph  
Company, Murdered.

He Had Been Shot Through  
the Head by F. L.  
Williams.

Minneapolis, May 6.—Early this morning two young men found in the gutter the dead body of H. W. Thomas, superintendent of the "Soo" Telegraph company. There was a bullet hole in his head. Thomas last night called on Mrs. F. L. Williams, a divorcee, at the home of her father, H. L. Berglund. He left and soon after a shot was heard. The murdered man's valuables were found on his person, thus precluding the idea of robbery.

Mrs. Williams is a young woman who ran away to Hudson, Wis., to marry Williams. He turned out a worthless character and Mrs. Williams obtained a divorce. Williams was arrested early this morning.

Williams at first denied all knowledge of the affair, but while he was being questioned he was confronted with the revolver brought from his room by the police with one empty chamber in it. He then told the whole story. His wife, he said, had applied for a divorce and the matter was pending. He had started for the house to see about it, and as he approached saw Thomas and his wife sitting together in the window. It was twilight and the slight moonlight from the window made him mad and with jealousy.

He waited till Thomas came out and shot him through the head.

Williams asserts that Thomas caused all the trouble between himself and his wife. Mrs. Williams denies that Thomas was paying attentions to her. He was an old friend of the family and was in the habit of coming out to dinner and spend the evening. He was very fond of the children and liked to play with them.

Hundreds have tried but none have succeeded in efforts to equal Dr. Price's baking powder.

**EMBEZZLER BALFOUR.**

Returned to London and Arraigned in Court.

London, May 6.—Extraordinary scenes were witnessed and precautions of an unusual nature were taken upon the arrival at Southampton last night on board the steamer Tartar Prince, from Buenos Ayres, of Jabez Spencer Balfour, the ex-member of parliament, whose extradition from the Argentine republic was obtained after great delay on a charge of fraud in connection with the collapse of the Liberty Building society and other concerns connected with it.

The steamer was met off Calshot castle by a police tug, upon which Balfour was taken ashore, surrounded by a crowd of detectives and policemen in uniform. The most elaborate precautions were taken in order to prevent the public from discovering where the prisoner was to be landed, as it was feared that an attempt might be made on his life.

The police and Balfour finally reached the railroad station at Southampton, where the latter was smuggled into a first-class railroad carriage, the shades of which were drawn. At Waterloo a crowd of people gathered to see the prisoner, and in expectation of seeing the prisoner landed at that spot on the train from Southampton.

But Balfour and his escort were undisturbed at Vauxhall railroad station and were driven to Bow street police court, in spite of the precautions of the police to prevent the arrival at Vauxhall of the notorious prime mover in the mismanagement of the Liberty societies, and when he was driven from the railroad station to Bow street the carriage in which he was placed was followed by a big crowd of people shouting, "Here's Jabez," etc.

During the voyage from Buenos Ayres, it appears, Balfour was generally cheerful, and was soon on friendly terms with the passengers. But at Las Palmas he broke down completely and wept bitterly. The proceedings at Bow street were of the character usual upon such occasions; the prisoner was formally charged, the papers in the case examined, and he was remanded until May 9 in order to enable the prosecution to complete their case against him.

**DR. BUCHANAN'S CASE.**  
Sine Sing, N. Y., May 6.—Warren Sage said today that, acting on the advice of Attorney General

**Case is Remanded to Judge Ives For Further Consideration.**

St. Paul, May 7.—Judge Ives, of the Fifteenth judicial district, was sustained in his summons of the special grand jury by the supreme court this morning, and the liquor dealers are given the worst of it, notwithstanding the fact the contempt cases against the officers of East Grand Forks were knocked out. The decision of the supreme court, which was handed down by Judge Cady this morning, is of no little interest, aside from the events connected with it.

The case is that of the state as plaintiff against Gustave Peterson and J. N. Ostry, defendants. It appears that the term of court, which brought with it so much of trouble to Judge Ives, convened Dec. 3 of last year. On Dec. 10 in the grand jury reported without finding indictments against any of the liquor men or salubers.

Judge Ives told them that they had not done their duty, and announced that he would summon a special grand jury to meet Dec. 15, but on the next day he modified the order, changing the time to Jan. 1, and the grand jury was placed in the hands of the sheriff, but the order was afterward recalled, and on Dec. 22 he issued a third order, and the sheriff and clerk of the courts drew the twenty-three names that same day.

The special grand jury returned indictments against these liquor men, and the motion was to have the indictments set aside on the ground that the judge of the district court had no power to summon a special grand jury under the circumstances. The supreme court holds that the court was in the right and remands the case for further proceedings. Held the motion to set aside the second indictment was correctly denied.

Other decisions, also by Judge Cady, are as follows: Peter Johnson, respondent, vs. J. B. DeRose, respondent; judgment affirmed. C. S. Guderian, respondent, vs. Charles E. Guderian, appellant, order affirmed. Lehigh Coal and Iron company (a corporation), respondent, vs. E. E. Seidler, et al., appellants; reversed and a new trial granted.

## HIS LAST RECEPTIONS.

**Claus Blixt's Levees at White Bear and Stillwater.**

Stillwater, Minn., May 7.—Claus A. Blixt, the murderer of Catherine Kling, had quite an eventful trip to Stillwater yesterday.

The train at White Bear was met by 100 or more citizens, who surrounded the train calling for Blixt, while others marched through the coaches in search of him. They evidently had no intention of freeing Blixt, but their action made it quite uncomfortable for the prisoner and his attendants. Blixt quietly remained in his seat and in this way escaped general observation.

At Stillwater the train was met by some 500 people, but there was no demonstration. Blixt, on arriving at the prison, was given a clean shave and assigned to Cell No. 292. His register number is 4171. The shaving made quite a change in his personal appearance.

He bore up well until informed that he could not see his wife again, and when this request was made he broke down and sobbed. He was today assigned to work in the shoe shop.

**GRAND TRUNK MEETING.**

**New Board of Directors is Elected in London.**

London, May 7.—There was a harmonious meeting today of the shareholders of the Grand Trunk railroad of Canada. The board of directors nominated by the shareholders' committee was elected. The new board is composed of the following gentlemen:

Sir Charles Rivers Wilson, president; Lord Welby, Sir William Young, Col. Phipps, Joseph Pryce, A. V. Squire, Sir Henry Mather Jackson, J. A. Clutton-Brock and George Allen, Col. Phipps is managing director of the Indian Peninsular railway. The meeting was a purely formal one, who is the European director of the Western Union Telegraph company, and a director of other telegraph companies, is a man of large experience and great ability. In conversation with a representative of the Associated Press after the meeting he said:

"The new directors can outline no definite policy for the future until the actual condition of the property is investigated, the finances and traffic for this morning and went around in a mud bank on the dumping ground about a mile and a half to the southward of the piers. She stuck pretty well in the mud, and the tug Lyon was required to get her off, which was accomplished in a short time.

The captain of the tug claims that the fog whistle was not blowing, but it is most probable that the whistle was blowing out that it was not heard on the boat. There has been some complaint of the inefficiency of the fog horn since the apron was placed upon it last fall, and it is said that the noise is so faint that it can scarcely be heard any distance out in the lake. If that is the case it would seem that it would be more preferable for the apron to be removed, except the whistle, which is of the loud whistle were to be renewed, rather than to run the risk of running boats on the shore.

## ROYALTY ESCAPES.

**Italy's King and Queen Unhurt in a Railroad Wreck.**

Rome, May 7.—King Humbert and Queen Margaret had a narrow escape from death today. They were on their way by rail in a special train from Florence to this city attended by their suites. Suddenly near Lucina lake there was a violent shock, one of the carriages was derailed and everybody on board more or less seriously concussed.

An obstruction of some description, it appears, either fell across the track or was placed there by evil-minded persons. Several members of the royal suite, including the king's valet, but the king and queen escaped with nothing more serious than a bad shaking up.

## MISSISSIPPI RIVER.

**Water is Higher and Rafting Has Commenced.**

St. Paul, May 7.—A special to the Dispatch from Winona says: The West Newton rafting works opened yesterday with a crew of 100 men, which is about one-quarter the number usually employed. The water in the Mississippi has now come up to the 3-foot stage. While this is a decided improvement upon what has heretofore been experienced this season, still it will not admit the West Newton works being run at their full capacity, a 3-foot stage being required for that.

The water, however, is steadily rising, and the prospects are that before the end of the week the force there will be largely increased. The opening of the rafting works will be good news to all the mills along the Middle Mississippi and especially in Winona, considerable difficulty having been experienced in getting rough logs to keep the mills running.

Superintendent Douglas has sent word to Chipewa Falls and Eau Claire to send down all the logs on the Chipewa at those points. The news from the drives is also encouraging, as the logging streams are rapidly filling with water.

**IOWA STATE ENCAMPMENT.**  
Clinton, Iowa, May 7.—The opening day of the state encampment G. A. R. of Iowa, here is fairly pleasant with thousands of the boys in blue. Sons of Veterans and members of the Woman's Relief corps. Among the noted visitors already here are Commander in Chief Thomas G. Lawler, Governor Frank D. Jackson, of Iowa, and Department Commander Newman. The grand parade in which several thousand men will be in line, starts at 2 p. m. Camp fires addressed by prominent men will be held at Davis' opera house and three of the churches.

**DULUTH INVENTIONS.**  
Washington, May 7.—(Special to The Herald.)—A patent for an interior condit was today issued to Oliver G. Traphagen and P. W. Fitzpatrick, of Duluth.

**OIL GOES LOWER.**  
Pittsburg, May 7.—The Standard Oil company made another reduction of 5 cents in its price for credit balances this morning, to \$1.50. There were no bids or offers on the exchange at the opening.

## STRANDED

**Steamer E. M. Peck Struck on a Shoal Near Spectacle Reef.**

**The United Empire Missed the Canal and Went Ashore Today.**

**Coal Rate From Buffalo to Duluth Settled at Fifteen Cents.**

Chobogyan, Mich., May 7.—(Special to The Herald.)—The steamer E. M. Peck, towing a whaleback barge, stranded on a shoal four miles west of Spectacle reef this morning. The barge escaped. The steamer is in an exposed position and a foot out forward. It was raining, but was not foggy. The mate came here for the tug Favorite, but she was at McVittie and no help could be obtained here. The stranded steamer is bound to South Chicago with iron ore.

**RAN AGROUND.**  
**United Empire Missed the Canal and Went Ashore.**

The United Empire, the first of the Sarnia line of steamers to arrive, missed the canal in a thick fog about daylight this morning and went aground in a mud bank on the dumping ground about a mile and a half to the southward of the piers. She stuck pretty well in the mud, and the tug Lyon was required to get her off, which was accomplished in a short time.

The captain of the tug claims that the fog whistle was not blowing, but it is most probable that the whistle was blowing out that it was not heard on the boat. There has been some complaint of the inefficiency of the fog horn since the apron was placed upon it last fall, and it is said that the noise is so faint that it can scarcely be heard any distance out in the lake. If that is the case it would seem that it would be more preferable for the apron to be removed, except the whistle, which is of the loud whistle were to be renewed, rather than to run the risk of running boats on the shore.

**PASSED DETROIT.**  
Detroit, Mich., May 7.—(Special to The Herald.)—Up Star, 4:30 a. m.; Yuma, 6:30; Mariposa, Mariposa, Malta, 7:30; Down Australis, 1:20 a. m.; Thomas Wilson and consort, 5:30; Globe, 10; Vulcan, 10:15.

**THE SAULT PASSAGES.**  
Sault Ste. Marie, Mich., May 7.—(Special to The Herald.)—Up: Plint, G. W. Morley, 11:30 last night. Down: Grayhawk, No. 2, Fisk, 11 last night; Grover and consort, midnight; Italia, Hackett and consort, 1:30; Trevor and consort, 3.

**PASSED PORT HURON.**  
Port Huron, Mich., May 7.—(Special to The Herald.)—Up: Gilbert, midnight. Down: Macy and consort, 1:30 a. m.; Olympia, 7; Northern King, Brazil, 8:15; Adams, Foster, Rutter, 10.

**THE COAL RATE.**  
Buffalo, May 7.—(Special to The Herald.)—The Duluth coal rate has been settled at 15 cents.

**Port of Duluth.**  
**ARRIVED.**  
Prop Uganda, Buffalo; light for grain.  
Prop Arabian, Buffalo; merchandise.  
Prop Peerless, Chicago; merchandise.  
Prop City of Naples, Lake Erie; light for ore.  
Prop Niko, Lake Erie; light for lumber.  
Prop Churchhill, Lake Erie; light for lumber.  
Prop Hepler, Buffalo; light for grain.

Prop China, Buffalo; flour.  
Prop City of Naples, Lake Erie; ore.

**MARINE NOTES.**  
The lug wheat rate is stronger and two charters were made yesterday at 24 cents.

The Nautilus with Aldermen B. F. Howard, Ed Patterson and others left last night for a fishing trip down the lake. They will go as far as Horseshoe Island.

**WILL FIGHT IN SALT LAKE.**  
Boston, May 7.—Dick Moore, who is training here for his fight with Fred

Morris, has accepted the offer of a purse by the Salt Lake City Athletic club to meet Jim Williams in July.

## PAYING SHORTAGE.

**David Tozier, a Stillwater Lumberman, Pays Cash.**

St. Paul, May 7.—State Treasurer Koenner this morning received the first draft in payment of a claim for shortage against a lumberman. It was sent in by David Tozier, of Stillwater, and the amount was \$2989.68. It was in payment for pine cut on section 16, town 42, range 17. The timber had been sold for \$1.10 per thousand and the draft had been made for only \$3.10 per thousand, a difference of \$1 per thousand.

This is the first payment in response to the notice sent out by Auditor Dunn to lumbermen, calling their attention to the shortage, and advising them to square up before June 1, when the penalty attaches for unpaid accounts, trespasses and the like.

## GARRETT HANGED.

**Brutal Murderer Meets Death on the Gallows.**

Lebanon, Pa., May 7.—Charles Garrett was hanged today at 11:11 in the jail yard. One hundred persons witnessed the execution. Death was due to strangulation. There was no scene. The crime for which Charles Garrett was today hanged was the murder of his wife on Sept. 13, 1894. The murder was one of the most brutal and deliberate in the history of this country. Garrett was a shiftless, ill-tempered fellow, and had just been released from jail after serving a three years' sentence for assaulting Ismael Light.

He arrived in Lebanon the night previous to the murder and called to see his wife. He found her with a child in her arms, and after charging her with being untrue to him, he left the house in a rage.

He called again the next morning, and walking over to where his wife was sitting, bent over and pretended to want to kiss her, but instead, he drew from the pocket of his coat a razor and cut his wife's throat from ear to ear, almost severing her head. The woman fell to the floor and died in less than five minutes.

## N. P. CLARKE & CO.

**Young Clarke Has Drawn Too Much Money.**

Minneapolis, May 7.—The affairs of N. P. Clarke & Co. are still in a tangled condition but the impression seems to be that the creditors will get about 75 cents on the dollar.

Something of a sensation has been caused by the discovery that Fred Clarke, the junior partner and resident manager has drawn for personal expenses during the last seven years \$215,000. Where this has gone is a mystery upon which young Clarke refuses to throw any light. He denies having gambled in wheat or stocks.

It will be several days before the condition of affairs is definitely known.

## A SUGAR FAMINE.

**St. Louis Dealers Short of Saccharine Goods.**

St. Louis, May 7.—A sugar famine is threatened in St. Louis and wholesale grocers are frantically trying to pick up even a barrel or two. For some time the sugar trust has had a number of its refineries closed and wholesale grocers have bought as little as possible, owing to the lightness of the demand. An advance of 1-16 cent per pound was made by the trust and a remarkable demand sprang up.

Every one wanted sugar and no one had any. The New Orleans refineries are not shipping sugar to St. Louis as the demand from near-by territory is already too great to meet. Shipments from the East cannot be had before May 20. Not a grocer in the city has more than ten barrels of sugar, and many have none.

**CORINTHO AGAIN OPEN.**  
Colon, May 7.—The steamship lines have been notified, on behalf of the Nicaraguan government, that the port of Corinto which was declared closed when the British occupied it, is now open for the arrival and departure of steam and sailing vessels.

The Nicaraguan authorities at Bluefields are frantically trying to pick up the fortifications on the bluff at that place. It is believed that this action is due to the fact that the British Chief Clarence, now a British pensioner at Jamaica, has asked Great Britain to take steps looking up restoring him to power.

**HILL NOT IN LONDON.**  
London, May 7.—The agents here of the Deutsche bank know nothing of any intended meeting in London or elsewhere with the object of purchasing its North Pacific holdings, and President James Hill, of the Great Northern railway, who was reported to be coming here to be present at the meeting, has not arrived so far as known. The agents do not believe that any meeting is contemplated.

**ANOTHER SHOOTING SCRAPE.**  
Louisville, Ky., May 7.—A special to the Post from Lebanon, Ind., says: "Jacob Lyons was this morning shot and killed by his brother-in-law, Frank Morris, a painter. Lyons' intimacy with Mrs. Morris was the cause of the murder."

**OCEAN STEAMSHIPS.**  
Bremen—Arrived: Fulda, New York via Southampton.  
Möville—Arrived: Ethiopia, New York for Glasgow.  
Queenstown—Arrived: Catalonia, Boston, for Liverpool.  
New York—Arrived: Nonnadic, Liverpool; Mobile, London.

## HIGH-WATER MARK.

## THE WEATHER.

U. S. Agricultural Department, Weather Bureau, Duluth, Minn., May 7.—Showers have been general during the past twenty-four hours in Lower Michigan, Southern Wisconsin, Iowa and Tennessee. Light local showers have fallen in North Dakota, Illinois, Indiana and Ohio. It is slightly warmer than on yesterday in the Northwest and slightly cooler east of the Mississippi.

Stage of water: "Soo" canal at 8 a. m. today, 13 feet 8 inches. Forecast: The water will remain stationary during the next twenty-four hours.

Duluth temperature at 7 a. m. today, 60; maximum yesterday, 80; minimum yesterday, 55.

Local forecast for Duluth, West Superior and vicinity till 7 p. m. tomorrow: Generally fair tonight and Wednesday; southerly winds.

On the upper lakes: Light to fresh southwesterly winds will continue during the next thirty-six hours with generally fair weather. Light and widely scattered showers have occurred in most stages throughout the Mississippi valley and eastward to the Atlantic coast, and in the Missouri and Pacific states. It is slightly cooler in the lake region and warmer in New England.

## THE WATER QUESTION.

It is safe to say that nine-tenths of the people of Duluth are seriously disappointed by the decision of the supreme court in the water plant case. While many were expecting a decision adverse to the city they hoped that their expectations would not be realized and that the court, perceiving that the people very generally wanted the city to secure control of the water and gas system, would mould its decision so that this result could be accomplished. That the people at the special election voted in favor of purchase there cannot be the slightest doubt, and when the supreme court declares that the questions were not fairly presented it does so only after an inspection of the wonderfully and fearfully made ballot that was presented to the voters at the polls and without an adequate knowledge of the great agitation which the subject received and of the thorough discussion of the ballot and the very complete explanations of it made day after day by the newspapers of the city. If the environment of the supreme court had been different, if the court had been located in Duluth or if any of its members had lived here and had been in personal contact with the agitation and discussion of the water question, it is not unlikely that the decision of yesterday would not have been reached, but that the judgment of the lower court would have been affirmed. It was the evident fear of the supreme court that the people did not understand the ballot and therefore did not clearly comprehend how they should mark it, which caused the decision reversing Judge Lewis' conclusions. There is nothing in the decision to indicate that the supreme court found any of the other proceedings irregular.

What is to be done now? The water question is now back into its old position, with this exception that there is in existence an agreement made between the common council and the company which provides for the purchase by the city of the water and gas plants at a fixed price. It would seem proper that the people of Duluth should be given another opportunity to vote upon the question and, again make their wishes known. Under the city charter the approval of the people at the polls is necessary before the council can purchase the plant or take any further action. The previous election being declared void because the ballot was too complicated, it is right that the people should again be called upon to indicate their wishes at an early date. It is of the highest importance that the question of purchase should be definitely settled either affirmatively or negatively as soon as possible.

If the purchase is to be completed, then it should be done before the season is far advanced so that the intake pipe can be extended this year to a point where pure water supply will be assured and in order that needed extensions of mains can be made to portions of the city now without any water supply. If the purchase is not to be made, this fact should be settled in order that the company may be freed from the present uncertainty and the constant agitation which injuriously affects its credit and may proceed to make financial arrangements to extend its system. Another election is not only desirable, but necessary.

Dr. Stanley Hall, president of Clark university, of Worcester, Mass., is the latest discoverer. In a new lecture on "Child Stature," he is advising parents to let the infant cry to a reasonable amount, citing its value in increased circulation, aided digestion and increased intellectuality, as the cry ex-

presses all human emotions. This is probably good advice, but it seems unnecessary, because parents have not been restricting the infant's crying propensities for the simple reason that they have not discovered any method of suspending the performance. If Dr. Hall desires to confer a benefit upon humanity he will disclose a method for putting an end to the infant's crying after it has cried to "a reasonable amount."

## THE MANITOBA TROUBLE.

On Thursday next the Manitoba legislature will meet again, that being the date to which it adjourned in order to give the Greenway cabinet time to secure advice from constitutional authorities with reference to the remedial order issued by the federal government. There is little doubt as to the course of procedure which the legislature will adopt. The policy to be pursued has been clearly indicated by Premier Greenway in recent speeches and interviews. The government will present to the legislature a memorial to the governor general in council declining to pass the legislation requested in the remedial order, and stating legal and political reasons for the refusal.

That this will be the course pursued is generally believed in in Winnipeg. Premier Greenway said previous to the adjournment of the legislature: "This will afford me an opportunity of making the first official declaration that has been made in regard to this matter. And I will say, first of all, that this government does not see any reason whatever to change its position or its opinions in regard to the school system of this province. The receipt of the message from his honor conveying the remedial order made by the governor general in council (Dominion government) raises some constitutional questions exceeding in gravity and importance, to my mind, any constitutional questions that have ever come up before in either of the provinces or in the Dominion since confederation, and these affect not only Manitoba, but every province in the Dominion."

In a recent interview Attorney General Sifton said: "My position and the position of the government is this: The federal government has issued a remedial order. We assume that this is the reasoned decision of the members of the Dominion cabinet who have given the matter consideration. The old school system in its entirety as it formerly existed. It means unqualified teachers and an inefficient system. The Manitoba government will never go back to that. That is what I stated. That is what I now repeat. To bring back that state of things would be a disgrace to Manitoba, a disgrace to the men at Ottawa, who would thrust the old system upon the people." This declaration has been endorsed by Premier Greenway as embodying the views of the government.

The refusal of the Manitoba legislature to obey the remedial order will bring the whole question to a crisis. The position of the Dominion government will be one of extreme difficulty. The Quebec representatives will generally insist upon the enforcement of the order by the passage of legislation by the Dominion parliament that will give the Manitoba Catholics legal authority to maintain separate schools. On the other hand, many of the supporters of the government representing Ontario constituencies will insist that there shall not be any interference with the Manitoba legislature. Premier Bowell's ability will be taxed severely to deal a middle course that will satisfy these two radically differing wings of the Conservative party. And so far as the Liberal party is concerned, its position is only less difficult because it is not in power and therefore is not obliged to take any action upon the complicated question.

## INSURANCE RATES.

The Minneapolis Journal says that the fire insurance companies represented in the Minneapolis Underwriters' association are anything but pleased with the manner in which certain Lloyd mutual companies are getting business in this city. Several of the heavy Minneapolis insurers have taken large amounts of this "outside" insurance lately at a remarkably low rate. The Journal says: "The Hugh Harrison company, at Third street and First avenue N. was written through a Chicago agent a short time ago for \$250,000 at 10 cents. The Minneapolis board rate for this particular risk is fixed, per schedule, at 85 cents. Some other big risks are found to have been taken lately in the same manner. The insurance for the Phoenix building is said to have been placed by the mortgagees with New York companies at the phenomenally low rate of 17 cents. Under the local board rate, the proximity of the Metropolitan theater alone would have counted for 25 cents, to say nothing of the risk in the building itself."

It is stated that some of the most level-headed business houses in Minneapolis are placing some of their risks with outside low rate companies. The result of this movement will be watched with some interest by Duluth business men, who have just reason to complain of extremely high insurance rates. The stock company insurance men claim that the "outside" companies are irresponsible and will not pay heavy losses. This fact remains to be demonstrated. A large sized fire would furnish the test, and should it fire occur in a Minneapolis building insured "outside" the payment in full of the insurance would have the effect of causing many Duluth people to look in the same direction for insurance.

When the insurance rates paid in Duluth are compared with those paid in Minneapolis and St. Paul, it is almost astonishing that the people of the latter cities are kicking. If Duluth business men enjoyed as low rates as are paid by the Twin City business men they would count themselves extremely lucky. There are instances within the knowledge of The Herald where the

board rate on business houses in Duluth is twice as high as the board rate on similar establishments in St. Paul, while the risk on the latter buildings and stocks is unquestionably much greater.

Duluth has a good fire department. Its fire record is favorable in comparison with other cities, and there is no apparent reason why the heavy rates now charged should be continued. They are a serious detriment to the city's growth. They not only handicap every man doing business here but they are the means of keeping out men who would invest in manufacturing and other lines of business. It is a subject of vast importance which demands the serious attention of our commercial bodies.

The Delaware legislature has adopted a joint resolution to adjourn sine die at 3 o'clock p. m. on Thursday of this week, regardless of the question whether a United States senator is elected. It is not expected that a senator will be elected, although the Republicans have a majority on joint ballot, as Millard T. Addicks, although not even a bona fide citizen of Delaware, has been able by corrupt scheming to prevent the election of any one but himself. The result will be that Delaware will have only one senator.

It is stated very positively that Governor Morton's name will be presented to the next Republican national convention and that he will have the solid vote of the New York delegation. But the time has passed when New York can dictate the nomination. It is hardly likely that the next nominee for president will be taken from New York.

The discovery of the body of George Dinwiddie in the harbor at the foot of Fifth avenue west ends the mystery which surrounded his sudden disappearance. The sad ending of the life of such a well-known and popular man will cause general sorrow among his multitude of acquaintances.

The Chicago Times-Herald claims that its change of policy has been followed by an increase in circulation. Its circulation last Sunday was 131,510, whereas the circulation on the last Sunday that the paper made its appearance as a Democratic organ was 130,497.

The general assembly of New York has passed another Irish home rule resolution. Of course the resolution does not give the Irish home rule but it does not do the cause any harm, and as it pleases the home rulers its object is probably attained.

Andrew Jackson's advice to a boy friend—"My son, have no advice to give you as to politics, only think for yourself and let conscience be your guide"—is commended by the St. Cloud Times to Democrats in connection with the financial question.

In an advertisement published by a Minneapolis real estate dealer in the Minneapolis Times, the population of the chief cities of the state are given as follows: Minneapolis, 550,000; St. Paul, 200,000; Duluth, 120,000.

It was not an auspicious night to apply for a steam heating franchise. When a weather becomes colder the aldermen may be more favorably disposed towards steam heat.

Yesterday was a great day for reversals in the supreme court. Out of nine decisions handed down by the court, only one affirmed the judgment of the district court.

The appropriation made by the council to assist the Grand Army posts in arranging for a public observance of Memorial day will be generally approved.

## A Daily Hint from L'art de la Mode.

Silkt of royal blue crepon with front of red; blouse of the same; collar of the same; the pleatings are of the blue; red sleeves; collar of velvet and flowers. Eight yards double width goods.

## WILDE AT LIBERTY.

## A Clergyman is One of His Bondsmen.

London, May 7.—Oscar Wilde was released on bail today after furnishing a personal bond for \$12,500 and two sureties in \$250 each. His sureties were Lord Douglas of Hawick, eldest surviving son of the marquis of Queensberry, and the Rev. Stewart Headlam. The latter is a graduate of Cambridge university and resides at Hyde Park Gate. He was interviewed shortly after it became known that he had become one of Wilde's bondsmen and said: "I became surety of Oscar Wilde on public grounds. I felt that the public was prejudiced before the case began, and I am anxious to give him any help possible in order to enable him to stand trial in good health and spirits."

## NEW YORK POLICE BILL.

Albany, N. Y., May 7.—The New York senate calendar for today, that there is no probability that it will be taken up. A caucus of the senators shows that there are but fifteen members in the city who will vote for the passage of the bill while seventeen votes are required.

## BOILED TELEGRAMS.

The twenty-first Kentucky derby was won at Louisville yesterday by Halma, Esso was second, Laureate third and Curator fourth. Winners in other events were Potentate, Replete, Cataraque and Hernani. Attendance, 30,000.

Steve O'Donnell defeated Jake Kilrain in twelve round rounds of pretty hard fighting at Coney Island last night. Kilrain was not knocked out but would have been in another punch if the fight had not been stopped.

It begins to look as if the coal miners near Pittsburgh were beaten. A number of mines of the Wheeling division of the Baltimore & Ohio railway are operating at the 60-cent rate.

Simon Jacobs, city treasurer of Batte, Mont., blew out his brains in an abandoned mine shaft. His term expired yesterday and there is said to be a shortage of nearly \$15,000.

Mrs. Albert Zerkow, wife of a poor farmer near Decatur, Ill., gave birth to triplets, all girls. They were named Ruth, Frances and Esther. The father wrote to President Cleveland asking him to buy each of the girls a new dress and Grover responded with a check for \$500.

A burglar at New Richmond, Wis., took refuge in a hotel and set fire to some criminating papers in a shop jar. The burglar was caught and the fire department put it out and succeeded in catching the thief.

Wint, Wis., was visited by a small sized cyclone which unroofed a number of buildings and tore up a lot of shade trees.

Governor Morrill of Kansas, is to be arrested on the charge of obtaining money from the state penitentiary, Warden Chase, of the state penitentiary, will sign the papers. It is a trivial affair of a month's salary for a private secretary.

Australian Billy Murphy and Jack Donnelly fought a 10-round draw at Cincinnati.

Arthur Valentine, of London, and Charles Johnson, of St. Paul, Minn., fought ten rounds in London, Eng., last night and Valentine won.

The largest telescope lens in the world, just finished, will be on a strike at Philadelphia will win.

Cholera is increasing at an alarming rate and it is expected that Europe will receive a visitation.

Della Hirschfeld, the Irish wife of Arthur Hirschfeld, is to get \$20,000 from her week milled husband. This will end the matter and pretty Della will be able to catch some one with more sense.

A DOCTORS' CONVENTION.  
Baltimore, Md., May 7.—Delegates to the American Medical association convention will meet in this city, commencing today, and will be in session for four days. Nearly 2000 delegates are expected. A local committee of twenty-six has been appointed, who will look after the entertainment of its guests. The officers of the American Medical association are: President, Donald McLean, Detroit; vice presidents, Sterling Loring, Columbus, Ohio; William Watson, Dubuque, Iowa; W. H. Rogers, Memphis, secretary; Dr. William B. Aldrich, Philadelphia; treasurer, H. L. Newman, Chicago.

Salt rheum, with its intense itching, dry, hot skin is cured by Hood's Sarsaparilla, because it purifies the blood.

## Scrofula From Childhood

"My mother has been afflicted with scrofula in her head since her childhood. She is now in her 51st year. She has also suffered from scrofula in her back for which she never expected any relief. She has faithfully tried Hood's Sarsaparilla and it has freed her system from scrofula, pains in her head and limbs and also a pain in her left breast which prevented her from lying on that side for fourteen years. It has made her feel many years younger."

## Hood's Sarsaparilla Cures

She has taken four bottles of the medicine. We cannot recommend Hood's Sarsaparilla too highly. IRA R. VANGILDER, Elma Green, Indiana.

## Hood's Pills

After-dinner pills and family cathartic. 25c.

## VIGOR OF MEN

Easily, Quickly, Permanently Restored.

Weakness, Nervousness, Debility, and all the train of evils from early errors or later excesses, the result of overwork, sickness, worry, indigestion, and other causes, can be developed and brought back to normal by the use of the Vigor of Men.

Failure impossible. 2,000 references. Book, mailed sealed free.

ERIE MEDICAL CO., Buffalo, N. Y.

## Clothes Wearer's Column!

## The Wrong Thing

When a woman starts out to buy a new dress she immediately encounters as many different kinds of advice as she does stores. The salesman that succeeds in selling the passe, old and out of style thing to wear in most places receives the best pay for his services. Hence the many instances that ladies find they've bought the wrong thing after it's made up—they see there is so much more old unsightly stuff than desirable new material and is the cause of so many getting the wrong thing. They don't know, and they go to the wrong place and are told wrong.

## They Try and Try

But some never do. Look Stylish.

The fundamental elements of style this season are the skirt and cape, and the materials they should be made of are very scarce, Crepons, Sicilians, Figured Satins, Figured Tapes, Batistes, Plisse Crepes, etc. But they all must be of the texture that stands out airily over the hair cloth and other stiff linings. You see our dress goods buyer knew this before he bought his stock for this season, and while he's selling them the others think they're learning how.

## A Woman's Head

Should receive her constant attention, or we should say the hair upon her head. The manner and style in which it is kept is at all times and continually the most conspicuous feature, as well as the truest evidence regarding her refinement and breeding.

## Shell Combs and Ornaments

Are considered decidedly proper in all styles and forms, as fancy dictates, for the hair. A late shipment has brought hundreds here that are selling at from 15c to \$10.00 each, comprising all the most ultra effects.

## HOWARD &amp; HAYNIE.

## WHITEMAN'S TOUR.

Spent Last Night in a Chicago Lock-Up.

Chicago, May 7.—Officer Ross Whitaker, of San Francisco, arrived in this city last night having in custody A. J. Whitman. The latter was arrested in New York two weeks ago on a charge of forgery. The officer is taking him back to San Francisco where the offense, if it is said, was committed. Whitman is 35 years old. His father was A. J. Whitman, a wealthy lumberman, who died five years ago leaving an estate valued at nearly \$200,000. Several months ago Whitman, it is said, was in San Francisco. While there it is claimed he presented a check for \$500 at the Nevada bank. It was drawn on the Farmers and Traders bank of New York and was signed with the name Frank Dixon and endorsed by that of A. J. Whitman. It is claimed the check was forged. Whitman was arrested in Detroit, but was released by habeas corpus proceedings. In New York four attempts were made to secure his extradition to San Francisco. The prisoner succeeded in getting him started to ward San Francisco. The prisoner spent last night at the Central station and will be taken West this morning.

## Pretty Forms: Corsets and Shirt Waists.

Many women who possess exceptionally graceful figures, wear the wrong kind of Corsets, and so never look well. You can have your Corsets fitted here free, with instructions given that you should know about Corsets; we speak of

## SHIRT WAISTS

in connection with Corsets because to properly wear a modern Shirt Waist it requires that you should wear a modern Corset, because the material is very light and shows distinctly every outline of the figure; we have both the Corset and the Shirt Waists that you should buy.

## What's In a Buckle?

Is not the question; but who is in the Belt that's held together by the Buckle? Usually it is some chic and stylish looking lady. These Belt Buckles we are particularly speaking of would add style to any costume, the designs are odd, the materials diversified and the qualities are good.

## 5 gross sell at 25c each Tomorrow.

They are the hand engraved and most modern effects ranging in price up to 65c, and they all sell tomorrow at 25c Each.

Belt Pins, Shirt Sts, Link Cuff Buttons and all the new and nobby oddities for the first sunny days of spring, at the lowest prices.

## Wearers of Underwear and Hosiery

Have grown to appreciate the superior kinds. We sell the Lisle Vests and the Silk Vests. The Lisle, Cotton and Silk Hosiery have won a host of close friends; it is remarkable the exquisite grades of Lisle Vests and Stockings that are selling at 25c each. Just investigate and see.

## The Wash Goods Trade

is showing increased vitality as the days grow warmer. The Dimity and Organdie and Swiss families are the prime favorites. There is sure evidence now that great numbers of extremely handsome Cotton Dresses will be seen in Duluth this season, as many have been purchased here.

## Millinery.

The new Sailors, the new Leghorns, the new Trimmed Hats, together with all the other modern elements in our Millinery Department are the factors which keep it so busy. No one saying anything; you all know what we do in Millinery.

## NOTICE OF APPLICATION

FOR

## LIQUOR LICENSE.

State of Minnesota, County of St. Louis, City of Duluth.—

Notice is hereby given that application has been made in writing to the common council of said city of Duluth and filed in my office, praying for license to sell intoxicating liquors for the term commencing on May 11, 1895, and terminating on May 11, 1896, by the following person, and at the following place as stated in said application, respectively, to-wit:

M. H. Stuart & Co., west side Sixty-third avenue west, one door north of Grand avenue.

Said application will be heard and determined by said common council of the city of Duluth, at the council chamber in said city of Duluth, in St. Louis County, Minnesota, on Monday, the 20th day of May, 1895, at 8 o'clock p. m. of that day.

Witness my hand and seal of said city of Duluth, this 6th day of May, A. D. 1895.

C. E. RICHARDSON, City Clerk.

(Corporate Seal.) May 7-2-wks.

## DEBATING

### American Protective Association Council in Session at Milwaukee.

### Plans for Extensions of the Order Seem to be Many.

### Canadian Delegates Are Present and Seeking to be Admitted.

Milwaukee, May 8.—The seventh annual council of the supreme council of the American Protective Association began this morning in Liberty hall. The delegates number in the vicinity of 400 and the greatest interest seems to be in the extension of the order to the provinces of the A. P. A.

Another faction would have a separate political party on a strictly A. P. A. platform. Still another wing of the association favors publicity and would do away with all the secrecy of the order.

It is also hinted that the free silver question may cut a figure during the session. From this it will be seen that unless the leaders are exceedingly judicious there will be many breaches to repair.

The opinion seems to prevail that the separate party proposition will not succeed, but nothing definite can be learned as to the other mooted questions.

Probably the most important step to be taken by the association will be the adoption of an international constitution and declaration of principles and the extension of the order to all parts of the world. This question has been under consideration for some time, and the report of a special committee of ten, appointed a year ago, will be submitted.

Five members of the committee are Canadian members and five are from the United States. The chairman is Col. E. H. Sellers, of Chicago.

A member of the committee from Canada says that there are more than 100,000 A. P. A. in Canada, and that they have practically controlled the elections in the Dominion for two years.

The opening session was called to order at 10 o'clock with 350 of the expected 400 or 450 delegates present, the others being expected to arrive during the day and evening. President Traynor presided and the various committees reported or were appointed to their work.

The full delegation from the District of Columbia and from New York and all the New England states arrived last night and this morning.

The emblem of the order, the gold eagle mounted with small American flags and "the little red school house" suspended in becoming numbers on the streets. On Thursday and Friday evening delegations to the delegates will be given by the local councils. The Milwaukee bodies are said to have a total membership of 12,000 and the membership in Wisconsin is placed at 45,000.

### THAT POLICE BILL.

### Mayor Strong has Approved the Popular Measure.

Albany, N. Y., May 8.—The bill for the reorganization of the police department of New York city reached the senate today with the certificate of Mayor Strong's approval attached.

In transmitting the bill the mayor says that it is accepted by the city of New York in spite of the serious objections that have been urged against it. The principal reason which influenced its acceptance is given as follows:

"There is unquestionably an almost universal and sincere belief among the people of the state outside of this city as well as on the part of a large number of our citizens, that the political party usually in the majority here, ought to have a representative in the police board, because that board has so great a power of control over elections, and the fair exercise of that power is necessary to prevent the votes of the people in all parts of the state for president and governor from being nullified by fraud or intimidation here."

### M'MASTER'S SENTENCE.

### Judge Bailey Refers to Senator Washburn's Defeat.

Eau Claire, Wis., May 8.—Judge Bailey today sentenced Embreezler Harry B. McMaster to two years in state prison at Waupun with hard labor.

In his charge he used forcible language. He declared that the only way to suppress such cases of embezzlement was to strike at the root of public gambling. The Chicago board of trade he believed had caused more distress, ruined more men and wrecked more families than the civil war, yet it was endorsed by the pulpit and when such men as Senator Washburn raised his voice against it he was thrown out of office.

### GOLD COMING BACK.

London, May 8.—The Cunard line and four other vessels will sail from Liverpool next Saturday for New York, will take 220,000 in gold to the bond syndicate.

### FULL OF BAPTISTS.

### Washington Enjoying a Well Attended Convention.

Washington, May 8.—The general convention of the Southern Baptist church assembly at the First Baptist church of this city tomorrow and will continue until Tuesday next. Between 1000 and 2000 delegates are expected to attend. No program has been arranged for the convention, but all the church work, which includes the three great organizations of the Baptist church South, the Home Missionary society, with headquarters at Richmond, the Southern Baptist Education society, with headquarters at Atlanta, and the Sunday School Publication society, at Nashville, will be reviewed.

All the prominent divines and laymen of the church are expected to be present at the convention which is the largest delegated body in the world. The basis of representation is two-fold. Every church holding the Baptist faith is allowed one delegate for each 500 members. Without regard to contributions of this character, each local organization is allowed one delegate.

Preceding the convention the American Baptist Education society, a national body, will meet, beginning tonight. In connection with this meeting an effort will be made to effect a general union of the various Baptist churches on the order of the Brotherhood of St. John's, of the Episcopal church.

### RIOTING IN CHICAGO.

### Four Policemen Injured and a Striker Fatally Shot.

Chicago, May 8.—Four policemen were injured and one striker fatally shot in a riot in Chicago today.

The riot followed a mass meeting of the strikers held in Twenty-fourth street. At 5 o'clock the crowd was estimated at 10,000. The crowd was dispersed, however, and a riot call brought a number of policemen. The crowd dispersed, but the order was not with them. The rioters gathered in groups about the streets, throwing stones and more trouble was anticipated by the police.

Four policemen were injured and one striker fatally shot in a riot in Chicago today.

Chicago, May 8.—Four policemen were injured and one striker fatally shot in a riot in Chicago today.

### BIXBY NOT GUILTY.

### Jury Acquits Him of the Charge of Wife Murder.

St. Paul, May 8.—A Hudson, Wis., special to the Dispatch says: At 10:15 o'clock this morning, the jury in the Bixby murder case brought in a verdict of not guilty. The jury was largely of one opinion, it is learned, from the start, but thought they would review the judge's charge before bringing in a verdict. One juror remarked privately that he supposed the opinion was not that of the general public.

After the jury was discharged Bixby was hurried down stairs and taken to the jail. He was hurried past the juryman, who was standing on the front steps without making to any one and hastened down town. The threats of personal injury or arrest for other offenses in case of acquittal was believed to account for his hurried and anxious manner. While the decision was being announced only one juror seems glad that a decision was reached.

### UNITED WORKMEN CONVENT.

Oshkosh, Wis., May 8.—The annual state convention of the United Order of United Workmen convened in the city hall at 10 o'clock this morning. The convention was largely of one opinion, it is learned, from the start, but thought they would review the judge's charge before bringing in a verdict. One juror remarked privately that he supposed the opinion was not that of the general public.

### MANITOBA SCHOOL ORDER.

Winnipeg, Man., May 8.—A meeting of the Manitoba government was held last night to consider government measures preparatory to the reorganization of the schools tomorrow. The schools, remedial order was one of the questions under discussion. The first step to be taken up by the house will be the government's answer to the Ottawa order, as that takes precedence over all other business. The reply will be in the form of a series of resolutions.

### ALL ARE SUITED.

Jersey City, May 8.—After being out sixteen hours the jury in the Graz murder case came into court today with a verdict of guilty in the first degree. Genz, who killed Clara Arnschlag, said as the verdict was pronounced, "That suits me." The date of execution will be fixed on May 20.

### THREE FATALLY INJURED.

Le Sueur, Minn., May 8.—A serious accident occurred at Le Sueur, Minn., today. Three men were killed and several others injured when a train ran away, throwing out the occupants of the carriages, injuring all. Mrs. Brandt, Martha Brandt and Emma Nelson were perhaps fatally injured.

### KILLED AT NEW ULM.

New Ulm, Minn., May 8.—While attempting to cross the railroad track with a wheelbarrow yesterday, Charles H. Racker was run into by a switch engine and fatally injured, dying in three hours. He was 72 years of age and a leavener.

### RAMSEY COUNTY ASSESSOR.

St. Paul, May 8.—Robert H. Seng, was this morning elected county assessor to succeed Ed Johnston, and today entered upon the duties of the office. He is the youngest of the two assessors—Auditor Sullivan and Mayor Smith.

### OCEAN STEAMSHIPS.

Liverpool—Arrived: Catalonia, Boston.

## FIGHTING.

### The Vessel Owners and Coal Shippers Still Fighting Over Fueling.

### Is Getting Hotter Every Day and Cannot Last Much Longer.

### The Northern Wave Released From Hay Lake Dyke This Morning.

Buffalo, N. Y., May 8.—(Special to The Herald).—The fight between the vessel owners and the coal shippers over the fueling question still continues, and there is no sign of the end at present. The shippers are offering to load a few barges with coal for Superior at 15 cents, but refuse to load any steamers that do not fuel with the shippers. The fight is getting hotter every day, and it cannot last much longer. The vessel owners are very confident of winning, and expect that the coal shippers will soon yield, but the latter are standing firm and say they will not weaken. Several coal cargoes going to Chicago and Superior have been placed, the shippers buying their fuel for the shippers, but none except the Edwards and Golden Age are in the Lake Carriers' agreement. The Lehigh Valley claims that it has an understanding with the agent of the Edwards and Golden Age, whereby it was to give a 20-cent rate to Superior in consideration of fueling the steamers. The owners deny this, but the Lehigh Valley officials will not give them cargoes unless allowed to furnish the fuel.

### NORTHERN WAVE RELEASED.

Sault Ste. Marie, Mich., May 8.—(Special to The Herald).—The steamer Northern Wave was released from the head of the dyke in Hay Lake this morning after lightening her fuel and shifting 300 tons of cargo. There is a hole in No. 2 compartment on the starboard side. The black can buoy will be placed at the head of Hay Lake channel today, and the necessary spar buoys are to be located at the head of the dyke.

### PASSED DETROIT.

Detroit, Mich., May 8.—(Special to The Herald).—Up. Inter Ocean, Winthrop, 10:30 last night; Leaside, 3 a. m.; Maton 4:30; Masaba, 5:10; Ira Owen, 5:30; Shenandoah, 5:50; Manchester, Spokane, 6:10; Williams, 6:30; Corsica, 8.

### THE SAULT PASSAGES.

Sault Ste. Marie, Mich., May 8.—(Special to The Herald).—Up. Specular and consort, 10 last night; Forbes and consort, 11; Gilbert, midnight; Germania and consort, 1 a. m.; Pioneer, 2:30; Sault Ste. Marie, 3:30; Cranage, 4:30; Down. City of Traverse, 10:30 last night; Taylor, 11:15; 12:30; Fryer, 2; Kershaw and consorts, 3; Bartlett and consorts, 4; Hadley, America, 5.

### THE FAIRBANK AND HER CARGO.

Cap. George Mackenzie, of the Fairbank, was dispatched to the burning steamer X. K. Fairbank, near Port Colborne, Ontario, to assist in the salvage of the cargo. The Fairbank was burned to the water's edge and that in his estimation neither vessel nor cargo will be saved. It was the corn gets tired of burning.

### Port of Duluth.

ARRIVED.

### WILL MAKE NO CHARGE.

In addition to taking the crew off the sinking steamer A. Everett on Lake Superior, the steamer West secured some of the Everett's boats and considerable of the more valuable part of the Everett's outfit and brought the salvage to Buffalo. It is the intention of the manager French not to make any charge for the service.

### THE WAR ON LAKE LINES.

The Chicago Inter-Ocean states that the railways between St. Paul and Chicago are now carrying on a duel with the lake lines running east from Chicago by which it is expected that a very low through all-rail rate on grain and flour will be agreed on between St. Paul and New York. The president of the east-bound line with which the Western roads are working is expected to be the one to make the move.

## THE CENTER OF ATTRACTION BIG GLASS BLOCK STORE

Everybody seems to be making that their headquarters. The big house is giving their small competitors and imitators a natural squeeze. The advantages this house possesses are being made more apparent every day.

### The Fact Is

It isn't everybody that can make a success out of the dry goods business. Some natural fitness is necessary. Competition is so keen that some advantage must be possessed. Without these essentials you might as well expect to kindle a fire with brick bats. Just now the people seem to have "caught on" to the fact that the bargains we offer cannot be matched anywhere or anywhere else in this city.

### THE STORE OF THE PEOPLE HAS Bargains for You All SELLING

### The Glass Block Store of Duluth.

### SOUTH CAROLINA.

### Its Famous State Dispensary Law Knocked Out.

Columbia, S. C., May 8.—Judges Simonton and Goff decided today that the provision of the state dispensary law preventing importations of liquor for private use in the state was contrary to the interstate commerce act, and is null and void. An injunction has been issued restraining the seizure of such liquor.

### PROMINENT DEAD.

Weston—At Manchester, N. H., ex-Governor James H. Weston, after several weeks illness.

Hay—At London, Sir John Adam Hay, prominent English baronet.

### DELLA DROWNED HERSELF.

Manitowish, Minn., May 8.—Della Mink, aged 16, left her home yesterday saying she would drown in the river at a certain point. Home dragged the river and found her remains near the place stated. Last winter while skating, one Phil Hughes, she claimed, attempted an assault on her person. He has been indicted and the trial takes place next week. She told the clerk of court recently that she would drown herself before she was thrown in court. She left the following note: "I drown myself where Phil threw me down. Phil is guilty and will give himself up now."

# \$3412.89.

That is the Cost of the Addition to the Court House.

When Planned it Was Only to Cost the County **\$1700.**

Three Commissioners Have Signed Their Approval of the Bills.

Now that the board of county commissioners has completed its new home on the southwest corner of the tumble-down shack on Sixth avenue east known as the St. Louis county court house, the bills are coming in for final settlement, and they tell a story that should bring emotion of some kind to the hearts of the taxpayers.

It will be remembered that when the commissioners, or rather when some of them conceived the brilliant idea of building an addition to the court house to be used as a meeting room for the board, it was proposed to build it for \$1700. That was considered a liberal estimate for a small addition of that kind should and could be erected for \$1500, and have every brick and every stone just as good and just as well placed as they are in the new building. This morning a Herald reporter was enabled to secure a footing of the bills for material and construction alone on the new addition. The sum was \$2277.28, nearly double the amount that should have been paid. The room has been fitted up better than any other part of the court house, and the furniture in addition to the above amount cost the county \$135.50, making \$2412.78 which the county has to pay for something that does not need any more than it needs a bridle elephant.

**FOLLY OF THE THING.**  
Now that the county has the addition built the folly of the whole proceeding is apparent. The only benefit is that the auditor's vault has been doubled in capacity. That was not absolutely necessary, though it is a great convenience. The rest of the addition is used for the commissioners to meet in. To the ordinary man up a tree \$2000 looks like a pretty big price for a county to pay for a room solely for the purpose of having a body of men sit in it two or three days out of each month.

The itemized bills were presented to the board for approval this afternoon, and it was expected that there would be a fight over their payment. The bills have already been approved and signed by the committee on claims and accounts, consisting of Commissioners Swenson, Dinham and Morcom. The board will probably receive the approval of the board as a majority has already signed and approved them. We will the grand jury in session, just for the sake of satisfying public curiosity, it has been suggested that it be a grand jury that will be called to look over the bills for the construction of the probate court on the court house. The size of the footing of the bills would certainly seem to show the advisability of such a proceeding. The board this morning performed routine matters. This afternoon the probate court was closed to the public while the board discussed road petitions in executive session.

## MONEY TO LOAN

AT 6 AND 7 PER CENT.  
Any amount. No delay.  
**Howard & Patterson,**  
201-203 First National Bank Bldg.

## A BIG SEIZURE.

A few days ago certain parties in Duluth had in a supply of nets and other fishing apparatus and represented that they were going to use the same in Lake Superior. It leaked out, however, that the outfit had been taken to Ely and put to use in one of the lakes near there.

The authorities at once set about to seize the outfit and give them the owners and give them the same punishment as the law provides. Guy Henegge, executive officer of the St. Louis County Game and Fish Protective association, took charge of those operations and to him is due the credit of today's work.

When the Duluth and Iron Range train came in this noon, E. S. Palmer, in the absence of others, and in response to a request from Mr. Henegge, was on hand, and promptly seized fifteen boxes of wall eyed pike, each box weighing 125 pounds.

The shippers of the fish, as soon as positively located and identified, will be arrested and prosecuted. This confiscation is the first of the season, and by such vigorous measures the authorities hope to break up illegal fishing.

Duluth Monumental works advertisement, "want" column.

## 100 Silver Dollars...

Smoke Indian cigar, W. A. Foote.

The newsboys will give an entertainment at the Bethel Friday evening, for the benefit of that institution. The program consists of solos, duets, choruses, recitations, mouth organ, selections, etc., and should draw a large crowd.

Tickets may be secured from the newsboys at Joyce's, Kilgore & Stewart's and at the Bethel for 10 cents each.

Joseph Carroll arrived last night from Ely with a broken arm, having walked down from there.

He was taken to St. Luke's hospital, where he will be cared for.

The annual election of directors of the Duluth Building and Loan association was held Monday evening and those chosen were: G. W. Buck, for three years; J. E. Cooley and W. D. Underhill, for three years, and A. Conventry, for two years.

The engagement of Miss Gertrude Markell, daughter of Mr. and Mrs. Clinton Markell, and Howard T. Abbott was announced last evening.

Deaths as follows have been reported to the board of health: Bertram McComber, 1014 East Sixth street, aged 5 years, infant; Dolan L. Shepley, 107 Park terrace, aged 58 years, la grippe.

The remains of the last named were today taken to Hamlet, N. Y., for burial.

The birth of a son to Charles and Albertina Soland, 325 Eighteenth avenue east, has been reported to the board of health.

The regular weekly meeting of the Central Populist club will be held tonight, and the leading address will be made by Frank L. Young.

In police court this morning, Eric Wick and Pat Sullivan were sent up ten days each for drunkenness. Frank McCloskey, charged with simple assault upon S. De Bernard, pleaded not guilty and the trial was set for this afternoon.

C. M. Hill's mill at Mesaba station, formerly the Mesaba Lumber company's mill has begun sawing.

The G. A. T. committee will meet on Saturday evening at the Palladio building to complete the program for Memorial day.

Judge Nelson has issued an order directing John A. Shields, of New York city, to take the deposition and testimony of Charles A. Nelson in the case of Alfred Merritt vs. John D. Rocketteller and Fred T. Gates.

Marriage licenses have been issued to August Faust and Pauline Koglin, Julius Lange and Alvina Miller, William J. Brinson and Mary C. Crawford, John Anderson and Belda Nelson, and to William J. Ferguson and Lillian A. Olson.

The Lester Park Methodist church, recently burned, is to be rebuilt. A building, costing about \$2500 will be erected.

## THE BOXING TONIGHT.

Tournament of Amateur Sparrrers at the Pavilion.

This evening is the date set for the amateur boxing tournament at the Pavilion. The affair is interesting and unusual amount of attention among those interested in boxing. The large list of entries, including the best sparrers in Duluth, will insure a big audience, which will undoubtedly be entertained. The successful men in the last tourney, held at the Temple, will be called on to defend their titles to the amateur championship against some of the cleverest boxers in the city.

There are over a score of aspirants, and some of the bouts will be closely contested point for point. Big mittens will be used and the numbers will be decided by a referee and two competent judges. The Y. M. C. A. hall will be in attendance and will include in their program the new "Trilly Waltzes." Manager Warren of the street railway company, will have cars run at frequent intervals to accommodate the crowd and the last car to Woodland will be held until the conclusion of the tourney.

The first bout will be called at 8:30 p. m.

## AFTER MORE BARGAINS.

The stock of Barbe, Benedict & Goldman, manufacturers of cloaks and suits is to be sold at public auction tomorrow in Chicago. Patton & Watson has sent Mr. Kattenbach down to attend the sale and by this time tomorrow we will know whether or not he has secured any more wonderful bargains for the patrons of the Glass Block store.

## TERRIBLE.

Charles Emory and George Barshaw Struck by Lightning This Morning.

Both Were Killed, While a Third Man Escaped Without Injury.

They Were Working Near Park Point on Inman's Boom Sticks.

An accident rather peculiar in its nature and terrible in its results occurred in the bay this morning about 10:30 o'clock. A lumberman's bateau containing three men was struck by lightning and two of them were killed. When the terrific thunder clapped about that hour was heard everyone knew that the lightning had struck near by and they were right. Three men, Charles Emory, William Helm and George Barshaw, were working on the Inman boom sticks a short distance out from Park Point. They were engaged in fixing some couplings when the storm came up.

Emory proposed that they go ashore and find shelter in some of the boat houses on the Point. This was assented to. Barshaw climbed into the bateau first, sitting in the stern, and Helm followed, taking the oars and sitting in the center. Emory was just climbing in the bow when the bolt struck the boat.

Barshaw was instantly killed and fell over into the water and sank. Helm fell over toward the bow of the boat and partially out on the boom sticks. As he was falling he caught Emory and finally got him up on the boom logs. He was not dead, but expired within five minutes without uttering a word.

The accident had been witnessed from the Park Point shore by Capt. Osborn and one or two others. They immediately put off to the assistance of the men. Helm had not entirely recovered from the shock when they reached him and it was fifteen minutes before he could be easily recovered with a pike pole and the two bodies were taken to the morgue where they are now lying.

The bodies were disfigured but very little, and the cause of the disaster on some portions of the body, but the faces were as natural as in life. The cause of the disaster was the two men, one on each side of him, were killed seems unaccountable and mysterious. It is thought that the lightning struck the boat and the two men were killed. A Herald man saw Helm struck 1:30 o'clock shortly after the storm. He had roused his sleeping reporters from their much needed rest and gotten out an extra, "That's the damndest thing I ever read," said he, referring to the extra. "There is not a word of truth in that account of the disaster." He then narrated the occurrence as given above. Charles Emory came here from Bay City, Mich., about ten days ago and went to work for Capt. Inman in his logging crew. He had lived in Bay City several years and has a wife and several children there. He was a man of magnificent physique, fully six feet in height, weighing about 200 pounds and well proportioned, with a massive chest and strong limbs. He was about 30 years of age. He was a pleasant and agreeable man and was well liked. He is said to have been a member of the Masonic fraternity and is known also to have been a member of the order of Orangemen. His family has been in the lumber business for many years. Stewart's until work is received as to what disposition to make of it. Barshaw also was a large man and was about 30 years of age. He was unmarried. His mother and father were both from the Lake Front hotel on Railroad street, and Archibald Barshaw, of Barshaw & Campbell, a brother of his. He also has a sister. She was brought into Stewart's about 12 o'clock, and she was crying bitterly and kissing the face in her grief.

Mix the flour with the baking powder in a dry state and always before sifting. Dr. Price's baking powder is best.

## INDICTMENTS FOUND.

Grand Jury Returns Three Secret and Several Open Counts.

The grand jury this morning returned a number of indictments, three of which were withheld from publication. The parties indicted not being in custody. Julius Rosenkrantz was indicted for assault in the second degree for throwing nitric acid on the person of Mrs. Frances Jacobs.

A new indictment was returned against George A. Elder for grand larceny in the first degree to take the place of the old one which charges him with embezzling \$14,966.77 belonging to the city. The only charge is the addition of a time specifying the date and place of the alleged embezzlement.

J. H. Doyle and Paul Truick, charged with grand larceny in the second degree, were discharged, the grand jury having no indictments. Mrs. Martin Truick, charged with grand larceny without a license, was also discharged.

WAH LEE INDICTED.

The parties against which the withheld indictments are directed are of course not known, but it was understood that Wah Lee was one of them. Wah Lee is a Chinaman, who runs a laundry on Lake avenue, and he is accused of taking criminal liberties with Anna and Hilda Stone, aged 7 and 11 respectively.

This morning Albert Minor, Joseph Miller and John Freika pleaded not guilty. After the jury presented its batch of indictments it retired again, and will probably finish this afternoon. The jury in the case of Hanna Hen-

## LABOR AND CAPITAL.

Agreement Between the Two Interests Beneficial to Both.

Cleveland, Ohio, May 9.—The Iron Trade Review this week will say: "Increased labor cost is the main factor in calculations as the immediate future of the iron trade. Furnace men in the Mahoning and Shenandoah valleys, who produce the bulk of the Bessemer iron which goes upon the general market, have had a succession of strikes the past week."

"The Newcastle trouble was settled by giving the men an increase. Other valley furnaces voluntarily granting 10 cents a day advance, which Mahoning valley furnace employees accepted. The Shenandoah valley, strikes were started for an additional advance of 10 cents. One furnace yielded and the prospect is that by the time all are running again the labor cost of a ton of pig iron will be from 15 to 20 cents higher than it was a week ago."

"The increased cost of making valley iron has made Bessemer iron, at \$10.25 at furnace, or \$10.90 at Pittsburgh, has been refused. Little business has been done more than any other to convince the few remaining scrap-iron dealers that the day of low prices is at hand."

"There is no evidence as yet that furnace men are preparing to resume. The advance is not enough to be tempting. A wage struggle that is already entering into calculations for the third quarter of the year is that which will decide the American iron trade. There are evidences that the campaign for the restoration of wages is to be very much overdone."

Millions of consumers unite in testifying to the complete satisfaction given by Dr. Price's cream baking powder.

## WHO MUST PAY IT?

A \$60,000 Claim the Principal Bone of Contention.

Minneapolis, May 9.—The culminating point in the triangular dispute between the receivers of the Northern Pacific, the Chicago and North Western, and the Wisconsin Central lines, over the liability incurred in the operation of the Chicago terminals, was reached today when George P. Miller, attorney for the Northern Pacific, refused to accept the offer of \$60,000, but in the litigation which followed, in the proving of the claims, the question as to who shall pay the amount, together with other large sums involved, and the main question in dispute will be settled.

There is no contention as to the validity of the claims against the companies, the question being, and it is a big one, just who is liable. In several cases objection is made as to the exact amount of the claim, but the difference are not material.

## GEN. CASEY TO RETIRE.

To Be Succeeded By Col. William P. Craighill.

Washington, May 9.—(Special to The Herald).—Brig. Gen. Casey, chief of the engineers, United States army, will retire, the honor being given to Col. William P. Craighill, who is practically settled now that Col. William P. Craighill will capture the prize and win the trial by court martial and sentence to twenty years imprisonment of John T. Waller, formerly United States consul at Tamaulipas, who was charged with the murder of a foreign agent, has been promised upon receipt of the necessary documents from the island of Madagascar to give the question the fullest consideration.

EX-CONSUL WALLER'S CASE. Paris, May 9.—United States Ambassador James B. Eustis has not received a reply to his note to the foreign minister here regarding the trial by court martial and sentence to twenty years imprisonment of John T. Waller, formerly United States consul at Tamaulipas, who was charged with the murder of a foreign agent, has been promised upon receipt of the necessary documents from the island of Madagascar to give the question the fullest consideration.

BALEFOUR IN COURT. London, May 9.—Jabez Spencer Balfour, the ex-member of parliament and Liberator society promoter, who was recently extradited from the Argentine Republic, was rearrested at Bow street police court today, charged on numerous counts with obtaining money under false pretences, falsifying books, etc., and with complicity in the Liberator frauds with Messrs. Hobbs and Wright. The prisoner was again remanded.

GEORGE DINWOODIE'S FUNERAL. The funeral services over the remains of George Dinwoodie were held at the First Methodist church at 2:30 o'clock this afternoon. Rev. R. H. Craig, chaplain of Palestine lodge A. P. and A. M., preached the sermon and the ritual peculiar to the Masonic order followed. The members of the lodge and the choir were also in attendance. The body was interred in Glen Stewart lot in Forest Hill cemetery.

The rail bearers only escorted the remains to the grave. They were: W. S. Halliburton, R. H. Webster, P. H. Sigrist, Thomas Clark and John T. Armistead.

NEWS NOT CONFIRMED. Madrid, May 9, noon.—The government has received no news tending to confirm the report in circulation in the United States that Capt. Gen. Martinez de Campos has arrived at a settlement with the rebel leaders in Cuba.

JAIL FIGHT AT WAUPUN. Milwaukee, May 9.—A special to the Wisconsin from Waupun, Wis., says Dick Falls, the well known pugilist, who is serving a sentence for killing James McCarthy in Milwaukee last summer, was stabbed in the neck and seriously wounded last night. The altercation occurred at supper. Falls with a revolver, the doctors think unless blood poisoning sets in.

## OPENED.

Hastings & Dakota Railway Lands Restored to the Public Domain.

Proclamation by Gov. Clough Surrenders them to Government Control.

Lands are Very Valuable and Fertile and Adjoin the Road.

St. Paul, May 9.—Governor Clough has issued a proclamation which will soon throw open to settlement the old land grant of the state to the Hastings & Dakota Railway company. The edict was made in accordance with the provisions of senate file 35, passed by the last legislature, which directs that the governor shall relinquish the claim of the state to certain lands and surrender them to the United States. This act was passed for the purpose for which it was used yesterday by the chief executive.

The lands in question comprise a considerable tract of valuable prairie, hill and dale along the route of the Hastings & Dakota road, not in the hands of a receiver. They are a portion of a grant made to the state in the early '70s for the state to the railroad and use in promoting its railroad's interests as grants to railroad companies.

In 1886 the Hastings & Dakota company was given the grant in question to hold and to hold its own, under certain conditions. The railroad company failed to qualify, became insolvent, and went into the hands of Russell Sage, the New York capitalist, who was appointed receiver.

"In an interview today a member of the government said: 'The reply of the government will be brief, and will not enter into a discussion of the matter; such a discussion would be useless and only provoke a bitter controversy.'"

"The outcome of the affair, it is said that Damon and King will resign, and the city of New Orleans will be liberated all the prisoners, but the ringleaders are opposed by Minister Hatch and Attorney General Smith. It is said that President Dole favors the release of the men."

"As the outcome of the affair, it is said that Damon and King will resign, and the city of New Orleans will be liberated all the prisoners, but the ringleaders are opposed by Minister Hatch and Attorney General Smith. It is said that President Dole favors the release of the men."

## THURSTON'S RECALL.

A Delayed Letter Reveals the Stated Reasons.

San Francisco, May 9.—Hawaiian advice received today from Honolulu dated May 2, per steamer Marlboro are as follows: "The letter demanding the recall of Minister Thurston is here, and was read to the executive session of the council yesterday afternoon. It had been to Hong Kong. It went past Honolulu in a bag with others. The fault lies with the postoffice at San Francisco."

"The ground of the objection to Thurston is confined to a single transaction. The offense alleged is that Thurston, at the legation, showed to reporters private letters to himself from Honolulu. The particular letter which gave such offense to the secretary of state, intimated in strong terms that Cleveland and Gresham were largely responsible for the January uprising."

"Gresham spoke to the Hawaiian minister about the matter. Thurston said that he regretted it very much; that in the hurry of handling a big mail, he had shown this letter with others without any special intent. In short, he apologized. Secretary Gresham thereupon asked that the apology be submitted in writing. Thurston declined to do this."

"Gresham's letter is dated Feb. 21, 1894, and in strong language stated that Thurston is no longer personally acceptable to the administration as Hawaiian minister. The offense alleged is that Thurston, at the legation, showed to reporters private letters to himself from Honolulu. The particular letter which gave such offense to the secretary of state, intimated in strong terms that Cleveland and Gresham were largely responsible for the January uprising."

"The friends of Thurston are indignant because they say he has been betrayed by an agent of the United Press in Washington. He permitted that station here and instructed him to publish nothing reflecting on the government or its might reflect on his official position."

"Thurston's friends also say the agent went directly to Gresham and intimated that he had read, at the Hawaiian legation, letters sent to Thurston, and surprised Gresham with the substance of them. The proof of this is Gresham's statement to Mr. Thurston, in his last interview with him, that 'you have been betrayed by your newspaper friends,' and also the fact that Gresham had the substance, and in some cases, copies of letters reflecting on Cleveland."

"In an interview today a member of the government said: 'The reply of the government will be brief, and will not enter into a discussion of the matter; such a discussion would be useless and only provoke a bitter controversy.'"

"The outcome of the affair, it is said that Damon and King will resign, and the city of New Orleans will be liberated all the prisoners, but the ringleaders are opposed by Minister Hatch and Attorney General Smith. It is said that President Dole favors the release of the men."

## TRAYNOR

National President of the A. P. A. Delivers an Address at Milwaukee.

Says the Association is Growing in Almost Every State.

He Declares Washington and New Orleans to be Jesuitical Hot-beds.

Milwaukee, May 9.—President W. J. H. Traynor, of the supreme body of the American Protective association, this morning delivered an address in which he made suggestions and recommendations governing practically every leading question of the day.

He denounced the laws which accept the vote of the ignorant foreigner who is unable to read or write the English language, and reject the votes of the intelligent women who are directly interested in the welfare of the nation, and who have proven her ability to manage public affairs."

"He declared that the city of Washington is a perennial hot-bed of Jesuitical hot-beds who carry their points by bulldozing and boycotting senators and representatives. He strongly urged the establishment of a national headquarters of the A. P. A. and a national organ, at the national capital, with earnest officials chosen from the active and prominent representatives of the order from the various states of the Union."

"In regard to political action, he recommended an effort to raise the standard of politics by educating the masses on the lines of patriotism laid down by the constitution and declaration of principles of the A. P. A. and advised the support of any national party which will endorse the leading principles of the order and accept the doctrines of the A. P. A."

"President Traynor said the order had been extended to every state of the Union except Mississippi, in which state there is yet no organization. The increase in membership in the South during his past two terms as president has been five or six times greater than the increase in the North. The increase in the East and New England during the past year has been greater than the increase in membership in any other section of the country. He pronounced the city of New Orleans a hot-bed of Romanism similar to Washington."

"He declared that the national political parties had violated their pledges to the people in many cases, and intimated that they cannot be trusted unless they endorse the fundamental principles of the A. P. A. He favored the suspension of immigration until the country has assimilated the foreigners which are now in it, and also favored the taxation of church property."

Only baffled malice would try to belittle the fame of Dr. Price's baking powder. Its high reputation is imperiously fortified.

## AN EARLY HARVEST.

Grain Inspector Clausen Back From a Tour.

St. Paul, May 9.—Grain Inspector Clausen has returned from Bemidji lake, where Tams Dixby, Harris Richardson, and a number of Crookston people are interested in a new site lying between the big and little Bemidji lakes.

The proposed townsite is on the Mississippi river, which flows through the lakes and connects them by a narrow stream, affording the natural and only practical crossing of real raucous that may be built between Duluth and the Red River valley, as the Great Northern undoubtedly will be. The town is also at the point which will be the terminus of the Brainerd & Northland railway.

Mr. Clausen said that settlers were coming in very rapidly from the other counties and heading around these lakes, and that it was bound to be a prosperous country. Speaking of the crops in the Red River valley, Mr. Clausen said:

# ACLEEP

Members of the Dalton-Dool-  
in Gang Murdered While  
Sleeping.

Crime Was Similar to the  
Ford Killing of Jesse  
James.

The Dunns Were Supposed  
Friends and Betrayed  
Their Pals.

Guthrie, Okla., May 9.—Newcomb, alias "Hitter Creek," and Pecos alias "Dynamite Dick," leaders of the desperate Dalton gang of outlaws, who were killed last week, were betrayed by supposed friends, entrapped into the latter's home and cowardly murdered while they slept under their host's roof. The killing, according to the story of a neighbor brought in from Ingalls, was by the Dunns, who had been promised a large reward by the deputies who later claim to have made the capture.

The murder is on a par with the cowardly assassination by the Ford boys of Jesse James. The Dunns were in Ingalls on the killing, and went home with a large amount of beer and whisky. It had been arranged to have Sallie Sims, a sweetheart of "Dynamite Dick," and the two outlaws, meet at the Dunn house, that night for a fine time. By midnight the outlaws were badly under the influence of liquor and shortly afterwards went to sleep heavily armed. While in this condition, it is asserted, the Dunns perforated them with chamber bullets and buckshot. An examination of the bodies showed that all the bullets and buckshot had gone into the bodies in such a way as to leave no other conclusion than that the men were lying down when shot. One of the Dunn brothers was brought in here a few days after the capture and lodged in the federal jail, but in two days was turned loose.

The Dunns are having very low. Their home is an arsenal and they give evidence of expecting a raid on them any night as Newcomb and Pecos had many friends in that country.

## HE EMBEZZLED.

Missing Fair Will Witness  
Smith, a Defaulter.

San Francisco, May 9.—The mystery of the disappearance of Charles S. Smith, bookkeeper for McLaughlin & Co., brokers, who engineered the late Senator Fair's \$500,000 wheat deal, is clearing, and the man who was the young bookkeeper is an embezzler. Smith dropped out of sight a week ago Sunday, under peculiar circumstances, which led his wife and friends to believe he was demented. Then some said that his departure was due to those who wished to prevent an investigation of the methods used in getting Fair into the big deal, and that an important account book was missing also.

The brokers now admit that Smith may be a defaulter, and that many thousands of dollars. They admit that up to now they have been unable to ascertain to a certainty whether any amount of money, great or small, has been stolen by Smith.

These rapidly changing contradictory statements are explained by the fact that before leaving the office of his employers, Smith destroyed the books that would have been evidence of his peculations. All of the leaves in the current cash book and ledger, or as many of them as bore written records, were cut out and either carried away or burned.

AFRAID OF MOB VIOLENCE.

Denver, May 9.—On account of the intense feeling in Park county against Benjamin Radcliffe, who is charged with three school trustees at Michigan Creek school house, near Jefferson, Governor McIntyre caused the prisoner to be taken to Pueblo to prevent mob violence.

Since the court decisions two days ago against prize fighting in Florida and Louisiana, William A. Brady and Joe Vendig have been in active communication with Dan A. Stuart, the wealthiest sporting man in Texas, to arrange to have the fight take place in Dallas.

The details are partially completed and a definite decision will be reached before the week is ended. About \$40,000 will be required.

CATHOLIC KNIGHTS AT OMAHA.

Omaha, Neb., May 8.—All the supreme officers of the Catholic Knights of America have arrived and are now at work compiling arrangements for the national convention which convenes in this city next Tuesday. Supreme Secretary O'Rourke states that the organization, whose chief feature is mutual insurance, was steadily gaining in membership almost every state and territory now having its branches.

"Another thing we have," said he, "that is, a money market in this state, a sinking fund which amounts to \$250,000 and is invested in interest bearing bonds."

Purify your blood, tone up the system and regulate the digestive organs by taking Ho's Sarsaparilla. Sold by all druggists.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

## MINES WILL RESUME.

Business Men of Wardner Petition the Miners.

Wardner, Idaho, May 9.—The Duncker Hill and Sullivan management having expressed a willingness to resume work in their mine at \$3 for miners and \$2.50 for car men and shovellers, the business men of Wardner and Kellogg drew up this petition, which is being generally signed.

We, the undersigned citizens of Wardner and Kellogg, in consideration of the extremely low price of lead, silver, and in further consideration of the fact that the cost of living has decreased, believe that while these low prices continue, \$3 per day for miners and \$2.50 for car men and shovellers are fair and just wages.

We further believe that the Duncker Hill and Sullivan Mining and Concentrating Company has the same right to manage its own affairs as we have to manage ours.

We hereby pledge the company our cordial support in its determination to pay no higher wages while prices of lead and silver are so low; it being understood that said company will restore wages to the former basis of \$3.00 and \$3.50 whenever the prices of lead and silver advance, so that the combined value in New York of 100 pounds of lead and two and a half ounces of silver shall amount to \$5.

It is believed that the union men will resume on this basis. About 400 men are employed.

## FREE SILVER ADVOCATES.

Spokane, Wash., May 9.—When Governor McGraw was here last week he stated that he had declined to appoint delegates to the silver convention.

Advocates of free coinage thereupon called a mass meeting for last night, at which they took steps to secure representation.

## INSURGENTS ARE PROSPERING.

Port Worth, Tex., May 8.—A letter from Port Worth, Tex., dated in Camp Bear Ramon de Las Jaguar, says that the insurgents are prospering.

April 29, and signed by William Plazhorty, one of the twenty recruits left here to join the Cuban insurgents, has been received and gives a glowing account of the progress of the insurgent cause. The writer says the Port Worth contingent has been in five engagements.

Under the will of Mr. Hamilton he provided for the payment of an annuity of \$1200 to the child, Beatrice Ray, who had been fostered on him by Eva Mann Hamilton. The child is put down as a "stranger" in the documents and the cash value of her annuity is placed at \$16,592.

Mr. Hamilton died on Aug. 23, 1890, but the reason for the estate being settled up before is on account of the claims made by Evangeline L. Mann, who claimed to be his widow and the litigation which she instituted to recover her dowry in his property. These have all been settled and disposed of.

WILL NOT STOP AT GREYHOUND.

Washington, May 9.—Consul O'Hara at San Juan del Norte, (Greyhound), Nicaragua, informs the state department that the merchants of that place have been advised that the Prince line of steamers have determined to discontinue touching at that port. The line controls six steamships, one of which has heretofore left New York once a month for that port. No reason is given for the discontinuance.

BRITISH SAILORS MUTINY.

Seattle, Wash., May 9.—While the big British ship Drummond was loading here with wheat lay at Rio Janeiro, the crew mutinied and were subdued only after a hard battle. The men got drunk on rum and returned on board began a riot on Capt. Bailey and First Mate Taylor. The petty officers and two apprentices came to their aid and they laid about with belaying pins until all the mutineers were knocked senseless. One of them afterwards died of fever and another deserted.

ARGENTINE FINANCES.

Washington, May 9.—A law has been passed in the Argentine Republic by which the state of the country is to be consolidated and assumed by the government. The law provides that the government shall have the right to issue bonds, and that the above is known as the gold debt. It appears that the government is now in a position to borrow money, which was not at par, but it is now worth 75 cents on the dollar.

The government expects to fund the loan at 3 per cent.

## "COIN" TALKS.

Author Harvey Criticizes Judge Vincent's Decision.

Chicago, May 9.—W. H. Harvey, author of "Coin," has this to say in regard to Judge Vincent's decision on the unit of value from 1792 to 1873: "As I read the decision I read a farce. Mr. Vincent quotes Hamilton's report and figures that congress adopted it, and uses this as the basis of his decision. When, in fact, congress turned Hamilton down. Here is what Hamilton recommended."

"A new article from his report before me: 'One gold piece equal in weight and value to ten units of dollars. One gold piece equal to a tenth part of the former, and which shall be a unit of dollar. One silver piece which shall also be a unit of dollar.'"

"Congress refused to adopt the gold unit clause and did enact the following: 'Dollars or units of each to be of the value of a Spanish milled dollar, as the same is now current, or 27½ grains of pure gold or 410 grains of standard silver.'"

"Hamilton's recommendation was just the reverse of the report of the committee of the continental congress on the matter. At that time, Judge Vincent had the benefit of these recommendations. He did the reverse, and Vincent quotes Hamilton as authority. 'In the essence of money, there should be no such things as having a unit of value made from two kinds of property, one of which is gold and the other silver, with two different figures to represent it.'"

# FEDERATE

Consul General Maratta  
Writes About Australasian  
Federation.

He Declares There is a  
Marked Sentiment Fav-  
oring the Move.

Object is More Economical  
Government and Defense  
Against Enemies.

Washington, May 9.—Consul General Maratta at Melbourne, Australia, has furnished the state department a long report upon the proposed federation of the Australasian colonies. He says there is a marked sentiment for a union and address:

"The objects of federation are usually based on the following considerations: First, to provide more powerful defense against enemies of the colonies; second, to secure a more economical form of government; third, to stimulate advancement in the various industries."

"The want of cohesion on the part of the separate colonies has been the great stumbling block in the various federal councils as the following obstacles must be considered: First, the inequality in the tariffs of the different colonies, and second, the unequal indebtedness of the separate colonies."

"The colonies which it is proposed to federate are Victoria, New South Wales, Queensland, South Australia, West Australia, Tasmania, and New Zealand. The indebtedness per capita ranges from \$14 in West Australia to \$40 in Queensland, and is very unequal, but it is believed that this difficulty could be arranged by having each colony assume its own indebtedness."

"The report gives a detailed account of the efforts to form a union and says that hopes are entertained of the movement now underway."

## HAWAIIAN BLUE BOOK.

Native Born Population is Con-  
siderably in Minority.

Washington, May 9.—The Hawaiian legation has received the annual blue book of the islands, which contains the various government branches. The blue book gives interesting tables of the latest statistics available. The population of the islands is as follows: Whites, 11,000; natives, 24,000; half casts, 6,180; Chinese, 10,000; Japanese, 10,000; Portuguese, 1,000; Americans, 1,000; total, 63,180.

The nationalities represented in small numbers make up the remainder while the American population is small, being only 1,000.

MADE A FAST TRIP.  
The Western Transit steamer W. H. Gilbert made a quick trip to Buffalo and return. She left here with flour at 2:20 a. m., May 3 and arrived here again light at 2:30 this morning, making just seven days and ten minutes consumed in making the trip.

GENERAL MARINE NEWS.  
It is now stated that 5000 barrels of flour were jettisoned from the steamer I. W. Nicholas in order to release her from Caribou island, Lake Superior.

Tuesday's arrivals: Gross Point, Lake St. Clair, embraced the steamer J. C. Gilchrist and three consorts, also the large Mahal Wilson, consort of the steamer S. J. Macy.

The steamer Saginaw reached Detroit Tuesday evening disabled, having broken her wheel in the Sault passage. Upon docking the steamer Parks Foster at Cleveland her stern was found to be badly twisted and thirteen of her bottom plates broken, as the result of running ashore on Poverty island, Lake Michigan.

Three hundred and seventy-two bushels of wet wheat was found in the cargo of the steamer Iron Chief at Buffalo. The hull and cargo of the burned steamer N. K. Fairbank were sold at auction by the underwriters. Carter Bros., of Port Colborne, were the purchasers on bids of \$250 for the hull and \$425 for the cargo.

The steamer W. L. Wetmore passed Port Huron Tuesday evening towed by the steamer R. F. Shuck, having broken her machinery on Lake Huron.

When informed that the Buffalo agent of the steamer Edwards and barge Golden Age had chartered them for coal to fuel with the shipper, H. J. Webb & Co., of Cleveland, at once ordered the charter canceled if made on these terms. The order has been carried out.

The steamer Henry Chisholm, under charter for coal from Buffalo to Chicago will fuel at Cleveland.

I find the ROYAL BAKING POWDER  
superior to all the others in every  
respect. It is purest and strongest.

WALTER S. HAINES, M. D.  
Consulting Chemist, Chicago Board of Health.

brace "buoyage of all classes" and asked for something. As a result they were granted half a dozen buoys. Of these one will be placed on Lansing shoal, one off Gravelly island, one in Poverty passage and one probably at the turn in Erie harbor. The other two are withheld for the present to see whether they will be needed to replace regular ones when they are taken up to be changed. This is the beginning of a system of lighted buoys on the lakes.

Close after the cry of low freights comes the cry of low water. The steamer Mackinac, with 96000 bushels of wheat, is lying at the breakwater afraid to try the passage up the creek. The situation here is growing worse daily, and until considerable dredging has been done or heavy rains have occurred full-loaded vessels will not get inside again without difficulty when the wind comes from an easterly direction.

Underwriters report a considerable number of vessels still uninsured. Applications are coming in rapidly, however. There is a growing disposition to cover low-grade hulls, and all agencies are slow to be writing small risks on this class of tonnage, the idea being to distribute the losses that are looked for as generally as possible. Agents are not worrying because the flour cargo of the steamer Nicholas was covered by ocean agents, now that so much of it has been shifted. They say that the cargo business is still in an unsettled condition, but that there is reason to hope for an arrangement soon.

W. J. Stewart, till lately auditor of the Northern Steamship company, has been made the confidential clerk of Manager French, of the Union Transit line.

ORE TRIMMING TROUBLES.  
Ironstone, Mich., May 9.—M. H. O'Brien, who had contracted to trim ore boats of the Vesselowners association for 2½ cents a ton was attacked on the street here yesterday by union trimmers and badly beaten.

Marquette, Mich., May 9.—The ore-

### ALLOWED THE BILLS.

No Protest Against Paying  
Court House Addition Claims.

The board of county commissioners finished its work until May 20 yesterday afternoon. The bids for the court house addition received the approval of the board and no opposition was made to them. The county physician asked that an addition be built on the poor farm building, and the board will decide May 20 whether to build it and if so, whether it is to be built by day labor or not.

The motion of Commissioner Dinham to appropriate \$500 for seed to be distributed among the fire sufferers was passed.

A petition was received asking the board to divide Canosa township. The town now consists of 31-32-33 and 31-32-33, four townships, and the petition asks that 31-32-34 be used for the new township and 31-32-33 for the old organization. The matter was referred to the county attorney.

Quiet at the Franklin.  
Sheriff Butchart yesterday sent word that everything was quiet at Franklin mine near Virginia. The men are determined and serious, but they do not seem disposed to violent measures, and no serious trouble is feared at present.

## DISASTER

**Steamer Cayuga Ran Into the Joseph L. Hurd and Both Sank.**

**Both Crews Were Saved Except the Cook of the Hurd.**

**The Deadlock in the Coal Trade at Buffalo is Still On.**

Mackinaw City, Mich., May 10.—During a heavy fog today, the sailing galley light, the steamer Cayuga, bound down, loaded with merchandise, ran into the steamer Joseph L. Hurd, bound for Chicago with lumber, and both sank. Both crews were picked up by the Minnesota, except the cook of the Hurd, George Johnson, of Chicago, who was drowned. The Hurd did not sink completely, owing to her cargo of lumber, but the Cayuga has disappeared.

Cheboygan, Mich., May 10.—(Special to The Herald.)—The wrecking tug Favorite was dispatched this forenoon to find the wreck of the steamer Joseph L. Hurd near Skillinlee light and save what there is left of her.

The propeller Joseph L. Hurd four or five years ago used to be in the passenger and freight business between Duluth and Chicago. She was owned by S. E. Leopold and formed one of the "Lake Michigan and Lake Superior Transportation Company." She was Leopold & Austrian line, known as the afterwards remodeled for a freight carrier and used almost exclusively for coasting freights. She was built at Detroit in 1889 and was of 750 gross tons and valued for insurance at \$20,000.

The Cayuga was a modern large-size freighter, built of iron, and the property of the Lehigh Valley Transportation company. She was built at Cleveland in 1888, and her length was 290 feet, breadth 48, and a molded depth of 13.5. Her insurance valuation is \$25,000. Her gross tonnage is 2600.

The Cayuga left Milwaukee yesterday morning for Buffalo with 34,000 bush of oats and 1800 tons of package freight.

**DEADLOCK CONTINUES.**  
Buffalo, N. Y., May 10.—(Special to The Herald.)—The deadlock in the coal trade continues effectual. The vesselmen are confident that there is no chance for the shippers to win the fuel fight, and all business is at a stand still pending the result.

**LEFT FOR CLEVELAND.**  
Sault Ste. Marie, Mich., May 10.—(Special to The Herald.)—The schooner Kimball, sunk on Saginaw Bay by the steamer Stearns, left on the Hesper for Cleveland this morning.

**BUFFALO CHARTERS.**  
Buffalo, N. Y., May 10.—(Special to The Herald.)—The following coal charters are reported: Viking to Duluth, 15 cents; Northwest, to Superior, 15 cents.

**CHARTERS AT CLEVELAND.**  
Cleveland, May 10.—(Special to The Herald.)—But few ore carriers are on the market and the feeling is strong in the freighters. A few more mines in the Pittsburgh district started yesterday but they will be unable to send coal to the lakes until the other mines have started. Ore charters were: Livingston, Ashland to South Chicago, 75 cents; West, to Cleveland, 75 cents; Buffalo, 25 cents.

**COAL CARGOES SCARCER.**  
Toledo, Ohio, May 10.—(Special to The Herald.)—Coal for lake shipment is very scarce and there is little left except for fueling. The Hocking Valley has refused to ship a pound and but little is coming from West Virginia.

**PASSED PORT HURON.**  
Port Huron, Mich., May 10.—(Special to The Herald.)—Down: Bartlett and consort, 11:20; Louisiana, 2 a. m.; Louisiana, 9:35; Down yesterday: Fryer, 10:30; Hadley, 11:40; America, 12:30; Saginaw, 1:30; Creole, 1:40; Saginaw and consort, 2; Nicol, 2:40; William Schillom, 3:00; Detroit, 3:20; W. P. Ketchum, 3:30; Detroit, 3:40; J. R. Ketchum, 5; Myles, 5:20.

**THE SAULT PASSAGES.**  
Sault Ste. Marie, Mich., May 10.—(Special to The Herald.)—Up: Williams and consort, 9:20 last night; Andaste, 2 a. m.; Devereux, Philip Minch, 7; Paris, 8:30; Nesbitt, Alaska, 9:30; Sluks and consort, 10; Down: Northern Light, 10 last night; Sauber, 11; John Owen, midnight; China, 1 a. m.; Nipigon and consort, 2; Arabia, St. Lawrence, 3:30; Wright, Colorado, 4:30; Gratwick (wood), Choctaw, 5; Isosola, 6:10; Tower, Frontenac, 8:10; Alberta, 8; Up yesterday: LaSalle, 11; Springley and consort, 12; Marjia, Cadillac, 1; Boston, Ira H. Owen, 2; Yuma, 3; Wade, Mahoning, 4; Shenandoah, Ellermers, 5; Pope, Osceola, 6; Down yesterday: Pratt and consort, 10:30; Mesosta, Progress, Hurd, Pioneer, 12:30; Continental and consort, 2:55; Wawatom, 4; Lansing and consort, 5:50.

**PASSED DETROIT.**  
Detroit, Mich., May 10.—(Special to The Herald.)—Up: Stevens, 12:10 a. m.; John Mitchell and consort, 11; Roby, 1; Genoa, 3:30; Pathfinder, Saginaw, 3:40; Vega, 5; Maritana, 6:15; Vance, 7:30; Hoyt and consort, 8; Merritt, 10; Cherokee, Chippewa, 10:30; Fay, 10:30; Up yesterday: Polson and consort, 10:30; Rhodes, 1:30 p. m.; David S. 2; Ingle and consort, 2:30; Aurora, Case, 4:40; Marshall, Shawnee, Manitowoc, 5:30; Winslow and barges, 6; Roman, 8:30.

**AT THE FUELING FIGHT.**  
At the Lake Carriers' association meeting in Cleveland Wednesday Secretary Keen was instructed to send a circular letter to vessel owners generally, urging them to make arrangements once for all the fuel they may require at Buffalo during the season, so as to put fueling with shippers of coal out of the question when charters

are made. It is claimed that vesselmen who did not sign the Detroit agreement are helping to win the fight against the fuel sharks.

**VESSEL MOVEMENTS.**  
(Specials to The Herald.)  
Fairport, Ohio—Arrived: Vulcan, Thomas Wilson and consort.  
Escanaba, Mich.—Cleared: J. H. Wade, Duluth.  
Cleveland—Arrived: John Mitchell, Cleared: Pay, Olympia, Lockwood, Missoula, Vega, H. B. Tuttle, Duluth, Erie, Pa.—Cleared: Mitchell, Two Harbors, Republic, Duluth.  
Buffalo—Arrived: Nesbitt, Flint, Moran, North Wind, Northern King, Cleared: Stevens, Vanderbilt, Plymouth, Our Sun, Ocean, 100, Two Harbors, Viking, Winona, Scotia, Duluth.  
South Chicago—Arrived: Minnesota, J. W. Moore, Haines.  
Port Colborne—Up: Spencer and consort; Pequona, coal for Superior.  
Ashtabula—Arrived: Butler, Cleared: Tom Adams, Charles Foster, Maritana, Roumania, light for Duluth.

**A TOTAL LOSS.**  
Manitowoc, Wis., May 10.—The small steamer, of this city, which ran on Horseshoe reef at Eagle bluff, Green bay, some time last week, has proved a total loss. She was valued at \$2000 and her cargo of brick and hay \$1000. No insurance was carried on her.

**RATE CUTTING WAR.**  
Notwithstanding the ironclad pool arrangement entered into by the lake and rail lines, which went into effect May 1, the executive officials of the Western Transit company admit that their St. Paul representative is cutting the export flour rate from St. Paul and Minneapolis to New York via Lake Superior ports 2 1/2 cents per 100 pounds. The rate is cut from 10 to 7 1/2 cents. This business is included in the new pool just as much as traffic to New York, London, or any other Eastern port. A rate cutting war throughout the season is threatened.

**DULUTH CLEARANCES.**  
Clearances: Simon Langell, 70,000 feet lumber, Tonawanda; H. Gilbert, 25,500 barrels flour, Buffalo; E. C. T. Hope, 30,000 bushels wheat, 28,000 bushels rye, Buffalo; Hoard of Trade, 10,000 feet lumber, Toledo; Ed Smith, No. 2, 800,000 feet lumber, Chicago; Cranage, 75,000 bushels wheat, Buffalo; Germania, 100,000 bushels wheat, Cleveland; George Stone, 60,000 bushels wheat.

**GENERAL MARINE NOTES.**  
The steamer A. A. Turner broke her eccentric on Lake Huron Tuesday. Reports from Detroit.

Ashtabula reports the arrival there of the big steel steamer Globe with 2300 gross tons of iron ore from Escanaba. The largest cargo previously recorded was 3225 tons, carried by the steel steamer.

It will cost \$6000 to repair the damage sustained by the steamer North Wind from the collision with the rocks at the head of Hay lake channel.

The steamer L. W. Nicholas is in dry dock at Cleveland for repair of damage sustained by running on Caribou island, Lake Superior.

The steamer Griffin struck on the down trip through the Sault passage and is in dry dock at Cleveland for repairs.

M. A. Bradley has chartered to Philip J. Minch the steamer J. S. Fay for the season. She will take the place of the lost Everett, and tow the Sophia Minch and the George Warrington. The crew of the Everett will man her.

The new steel steamer Malta of the Minnesota Steamship company, brought down from Lake Superior a cargo of 275 tons of ore on a draught of thirteen feet eight inches.

Elizabeth Westphal, widow of Capt. Michael Westphal, owner of the schooner Glad Tidings, which was sunk with the entire crew by the whaleback steamer Pathfinder near Grassy island, Detroit river, on July 28, 1894, has settled her claim against the steamer for \$1600.

**WILL NOT EMPLOY ALIENS.**  
Washington, May 10.—Commissioner General Stamp, of the immigration bureau, has received information that the Detroit and Cleveland Steam Navigation company has decided not to employ on their fleet of vessels any person not a citizen of the United States or an alien permanently residing in the United States. Persons coming to the United States from Canada or elsewhere seeking work will not be employed.

**STATE MILITIA COMMISSIONERS.**  
St. Paul, May 10.—The adjutant general this morning issued commissions to A. Van Duzee, 1st Minn., as major of the Third regiment, and George S. Whitney, of Faribault, as major of the Second regiment.

**DIED AT THE THROTTLE.**  
Pittsburg, Mo., May 10.—Isaac Miller, aged 65 years, residing at this place, one of the oldest engineers in the employ of the New Jersey Central railroad, was stricken with apoplexy this morning shortly after starting on his run to St. Louis, and died almost instantly in the cab of his engine. The fireman ran the train to Bloomsbury, which was the next station.

## TRAGEDY

**August Tepper, a Philadelphia Manufacturer, Kills Clara Herhold.**

**Then Sends a Bullet Crashing Through His Brain, Dying Instantly.**

**Horrible Details Enacted in the Presence of the Passers-By.**

Philadelphia, May 10.—A terrible tragedy was enacted on the sidewalk in front of 16 North Seventh street today, in the presence of passers-by, by August Tepper, manufacturer of novelties, aged 36. He shot Clara Herhold, alias Schmitt, aged 26, twice in the right side and then sent a bullet into his right temple, dying almost instantly. The girl was removed to the hospital, where she died half an hour later without having regained consciousness.

Tepper is a married man and lives at No. 313 Noble street, with his wife and family. He was desperately in love with the Herhold girl but his advances were coldly received. The girl came from Germany about a year ago and went to live with the Tepper family as a servant. Tepper's attentions became so annoying to her that she left her place about a month ago.

Tepper's annoyance of the girl did not cease, and the latter part of last week she went before a magistrate and swore out a warrant for his arrest. She had no money to pay for the warrant, however, and Tepper continued to annoy her.

Mrs. Herhold, who was a tailoress, left her room this morning to go for work which she was to take to her home. On her way back she met Tepper at Seventh and Noble streets. The couple talked earnestly for a few minutes and the girl started to move away from the apparently enraged man when the tragedy took place. It is believed Tepper threatened to kill the girl if she did not elope with him.

**WAGE SCALE.**  
Pittsburg, May 10.—The scale committee of the Amalgamated association will meet in this city one week from today. It is composed of seventy-one members of the association, from various parts of the country, who meet every year just prior to the annual convention of the association.

They will be in session several days to consider the scale of wages paid in different departments of the trade and investigate all complaints and grievances. They will then formulate a report, which will be submitted to the convention for adoption or rejection.

Speaking of the probable action of the committee in regard to an advance in the scale, President M. M. Garland said: "I cannot make any prediction, but I am inclined to believe that the scale as it stands at present will in the main be adopted."

**KILLED HIS COUSIN.**  
The Ever Present "Woman in the Case" Appears.

Lexington, Ky., May 10.—Volney Beard, single, and 32 years old, was shot and killed today by Albert C. Hall, corner groceryman, with whom Beard formerly clerked.

Beard discovered illicit relations between his wife and Beard, and discharged the latter.

This morning Hall sent for Beard and in the presence of Mrs. Hall, said he was going away forever, and would leave his wife and child to take care of.

Hall put on his hat and started for the door. A terrible struggle ensued in which Hall pulled a pistol and shot Beard four times in the chest.

Hall was arrested and his wife voluntarily accompanied him to the jail. The two men were cousins.

**RUSTED BRICKET SHOP.**  
Pittsburg, May 10.—The Pennsylvania Commission company, one of the largest brick shops in the city suspended today. The proprietors, Spangler & Frazier, gave as a reason for quitting business, the rapid and continued rise in all the speculative markets. The firm was short on oil during the recent flurry, and the corresponding rise in wheat, corn and New York securities, forced them to the wall. The assets and liabilities will exceed \$50,000.

The losses will fall on the local army of speculators who have dealt through this firm. The company has branch offices in many nearby towns. Other local firms with this firm will share in the wreck.

**HE DIED A PAUPER.**  
Chicago, May 10.—The county infirmary reports the death, as a pauper, at the institution of Dwight J. Hitchcock, ex-president of the Illinois Midland railroad, now a part of the Vanderbilt. He became an inmate May 3 and was in the last stages of consumption.

He had formerly been quite a wealthy man but the records bear the inscription "no friends." Mr. Hitchcock took his money in unfortunate speculations.

**NEBRASKA TOWN DESTROYED.**  
Gerosco, Neb., May 10.—The entire business portion of the town was destroyed by fire today. The postoffice, bank, hotel and every store in the place were consumed.

**PROMINENT DEAD.**  
Lucas—At St. Louis, Andrew Lucas, of Lucas, a well-known inventor.

## Ways and Means!

The most important committee in congress is known as the ways and means. Their wisdom must provide the ways to raise the means to pay the million dollars per day which it costs Uncle Sam for personal expenses. Just so are the father and mother the committee on ways and means for the family. On their love and wisdom depend the comfort and happiness of all the household. In the name of common sense and economy we appeal to them to read our advertisements and examine our bargains and if you need them we know you will buy.

**NOTICE OF MORTGAGE SALE.**—  
Whereas default has been made in the  
maturity of a certain mortgage, which  
is duly executed and delivered by J. D.  
D. Nickerson and Mattie Nickerson,  
wife, mortgagors, to Howell C. Mump,  
mortgagee, bearing date the first  
week of January, A. D. 1904, and

as filed and recorded in the office of the County Clerk of the County of Saint Louis and state of Missouri, the fourth (4th) day of May, A. D. 1935, in and to the said County of Saint Louis, for the sum of thirty-six (36) months, on a price of one hundred and thirty (130) dollars; and said mortgagor covenants and warrants that if said mortgage should become due and payable, and should not be paid, that he should default be made in any and all of the covenants therein contained, and that he should be bound to be kept and performed, then and there, by him, his heirs, assigns and legal representatives, to the continuance of said default for a period of thirty (30) days, immediately thereafter, the said mortgage should become due and payable, without any notice, and it shall be lawful for the said mortgagee to foreclose the same without notice thereof; and when such default has been made, the payment of the semi-annual interest upon said note and the principal thereof, together with twenty (20) dollars, which sum said mortgagee has and in and by said mortgage, is authorized to receive, shall be a full satisfaction of the obligations herein mentioned, by reason of which

exercise said option to him given by the terms of said mortgage, and does not intend to exercise the same. The debt secured by said note and mortgage with accrued interest thereon to be now due and payable, and the same is, therefore, claimed to be due, and there is due upon said mortgage debt, at the date of this notice, the sum of five hundred and twenty-five dollars and 49 cents, together with interest, and fifty (\$50) dollars attorney's fees, stipulated for in said mortgage in case of foreclosure thereof; and the said mortgage contains the power of sale in due form which has become operative by reason of the default above mentioned, and there having been instituted no action to pay the same, or at any other time, the receiver of the said secured by said mortgage or any

Therefore, notice is hereby given, that at virtue of the said power of sale contained in said mortgage, and pursuant to the provisions therein contained, the said mortgage will be foreclosed by a sale of the premises described in the foregoing recited mortgage, to-wit: that tract or parcel of land lying and being in the county of Saint Louis and State of Missouri, described as follows, to-wit:

All of lot numbered seven (7), in block numbered seventy-two (72), in subdivision numbered seventh, according to the recorded plat thereof, which said premises, with the hereditaments and appurtenances thereto in anywise by law in anywise attached, shall be sold to the highest bidder at public auction, to the highest bidder for cash, to pay said debt and interest thereon, together with the costs of sale, and fifty dollars attorney's fees, stipulated in said mortgage in case of default of said mortgagor.

ed by law, by the sheriff of said St.  
 als County, at the front door of the  
 ert house, in the city of Duluth, in  
 el county and state, on the twentieth  
 b) day of May, A. D. 1895, at ten (10)  
 lock a. m. of that day, subject to re-  
 mption at any time within one year  
 m the day of sale, as provided by  
 e.  
 dated April third, A. D. 1895.

## MILITIA

## West Duluth's Militia Organization Was Inspected Last Evening.

## Some Central Avenue Property Owners Want no Sewer Building.

## Proctor Knott People Will Vote on Bonding For Improvements.

Company H was inspected last evening by Lieut. A. B. Johnson, U. S. A., and made a very creditable showing both in dress parade and in the manual of arms. A large number of friends of the boys were present as visitors and seemed to enjoy immensely the maneuvers and evolutions of the company.

Maj. Braden, Col. Chantler and others were present from Duluth. The number of men present and answering to roll call was fifty-seven.

**SURPRISE FOR A MYLES.**

A Myles met with a pleasant surprise at his home on Fifty-eighth avenue on Wednesday evening. A party of young people, to the number of about twenty couples, joined him, bringing with them music and refreshments. Among those present from Duluth were Miss Julia Treder, the Messrs. Stone, Miss Edna Walker and Misses Stone, Brown and L. Jones. The evening was spent in dancing.

## WEST DULUTH BRIEFS.

It is understood that a number of the owners of property abutting on the Central avenue sewer are making preparations to serve an injunction on the city and stop the progress of the work.

At the last meeting of the village council of Proctor Knott, M. E. Doyle, J. J. Farley and James Conroy were appointed a board of health.

Christy Lodge No. 20, met in regular session at Old Fellows hall last evening and conferred the royal arch degree upon six candidates. Claret and refreshments were also a pleasant feature of the evening.

The village council of Proctor Knott has passed a resolution submitting to the voters the proposition to bond the village for \$100,000 for the purpose of building a hall and other improvements.

H. W. Block, of St. Cloud, has been in the city for a few days looking over his business interests.

H. W. Lannan, of Duluth, has accepted a position as clerk for C. W. Hoyt. He will attend to the collection and rental department.

There is a petition being circulated in West Duluth asking the Duluth Street Railway company to put on an extra car after 12 o'clock. At present the last car leaves Duluth at 11:30, and it appears that there are a number of people who desire to be accommodated by a later car.

Mr. George E. Hall is visiting her parents, Mr. and Mrs. Samuel Wells. Charles Hall has gone to Minneapolis on business.

W. H. Birch returned yesterday from a short trip to Duluth.

M. L. Healy returned yesterday to Duluth after a short stay in West Duluth.

The Westminster Presbyterian Church society has decided to move the building one lot north and build the long-talked-of addition on the south side the full length of the church and sixteen feet wide.

Miss Clara Temple, fashionable dressmaker, has rooms over Italy's grocery store on Central avenue.

F. C. Murphy, proprietor of the West Duluth Sun, had one of his hands severely hurt this morning by having it squeezed in a job press which he was running. Amputation will not be necessary.

## COUNTERFEIT DOLLAR. Clever Imitation Has Made Its Appearance in Duluth.

There is a counterfeit dollar floating in Duluth in large quantities, and a great many people are being taken in by its more than ordinary cleverness of execution. The die from which it is cast must be almost perfect, as the counterfeit cannot be detected by its looks. Its ring is little different from the legitimate coin, and the inexperienced cannot tell the slight difference. About the only way to detect them is by the feeling. There is a slight slipperiness or oily feeling about the counterfeit by which it can be readily detected when compared with a good dollar.

**STORAGE.** Would-be competitors come down where you belong. We have a 4-story brick building to fill with storage at 5 cents per hundred weight. We also have the only fire-proof storage building in Duluth. Office 210 West Superior street. Duluth Van company.

Florida cigar dealers are fine. A. Hirsch, cigar dealer of Trade.

## CURE OTHERS

M. W. Scott, Esq., of the U. S. Marshall's Office, Atlanta, Ga., writes: "For many years my wife has been suffering from indigestion, sick headache, nervous prostration and all other complaints that the female sex is heir to. She has tried every remedy and doctor, but with but little or no relief. I persuaded her to try the 'Golden Prescription' and 'Golden Remedy' and she has been cured. She is now as well as ever, and she has been able to do her usual work."

## MINNESOTA CENSUS.

Modroe Nichols a Caller at the Census Bureau.

St. Paul, May 10.—Monroe Nichols, of Duluth, was among the callers at the census bureau this morning. He came down to again tender the services of the Duluth committee in appointing enumerators or in any other way it could be made valuable.

Secretary Berg informs all committees, including those from St. Paul and Minneapolis, that the daily visits to the office, that he will submit the list of enumerators for each city to the committee on May 15, and the inexperienced cannot tell the slight difference. About the only way to detect them is by the feeling. There is a slight slipperiness or oily feeling about the counterfeit by which it can be readily detected when compared with a good dollar.

St. Paul, May 10.—A panic was caused in the mayor's office in the city hall this afternoon by the attempt of a discharged employee to "slug" Mayor Swift. The assailant, Philip Chester, made a rush for the mayor, yelling at the top of his lungs, but was stopped by clerks and overpowered. The noise frightened the people in the building and a rush for safety several were knocked down, but none were seriously injured. The mayor escaped unhurt.

## WHEAT MARKET WAS EASIER TODAY AND PRICES WENT DOWN.

## The Wheat Market Was Easier Today and Prices Went Down.

## Uncertainty Over the Government Report Caused Nervous Market.

## Feeling That Duluth Wheat Will be in Good Demand Now.

Wheat started easy today. The moderate advance in cables was disappointing in view of the bulge on this side yesterday. The Minneapolis and Duluth receipts were 154 cars compared with 255 a year ago. The primary market receipts were 192,000 bushels compared with 255,000 last year. The export market from Atlantic ports comprised 112,000 bushels of wheat and four thousand bushels of barley. The Duluth receipts were 154 cars compared with 255 a year ago. The primary market receipts were 192,000 bushels compared with 255,000 last year. The export market from Atlantic ports comprised 112,000 bushels of wheat and four thousand bushels of barley. The Duluth receipts were 154 cars compared with 255 a year ago. - Wash Tam O'Shanter in white duck and navy striped (suits). **50c**

Free Ball and Bat with Boys' Suits.

**M. S. BURROWS & CO.**

## UNCLE

Aionzo T. Scherer Must Answer to a Charge of Embezzlement.

He Was President of United States Loan and Investment Company.

Cases Against George A. Elder Have Been Continued to Next Term.

The grand jury yesterday presented to the court an indictment for embezzlement against Aionzo T. Scherer, formerly president of the United States Loan and Investment company as intimated by The Herald a few days ago. Scherer moved to Minneapolis some time ago and his present location is unknown, but he will probably be found and brought to trial on the charges against him.

When the company was organized with Scherer as president he was to have a stipulated salary in case the earnings reached a certain sum. They did not reach that amount and for several years he acted as president without salary. During that time his expenses were pretty heavy, and it is charged by the company that he drew various sums, placing his own notes in their place. This was unknown to the directors of the company, and was not found out until after Scherer had left town.

When it was discovered Detective Jensen was sent for him to Minneapolis, and he appeared anxious to settle the matter. He owed the company about \$2000, and he got his brother who lives in Iowa, to endorse his note in that amount. Subsequently it was discovered that the brother was not good for the amount, and it is probably that which led to the grand jury investigation.

Scherer claims that he loaned this money to men who were supposed to be good but who turned out otherwise, and that he merely took up their notes and left his own in their place.

**BENCH WARRANT ISSUED.**

A bench warrant was issued for Scherer, and if found he will probably be brought to trial, though it is uncertain whether the charges against him will hold. The company is now in the hands of a receiver, H. P. Langner.

The other indictment which was withheld yesterday was against J. W. Long, P. P. Elbert has returned from Bay City for grand larceny in the second degree. Lang was arrested on a bench warrant yesterday afternoon and was arraigned this morning, when, upon his statement, his indictment charges him with embezzling \$61.16, the proceeds from the sale of a safe for Mrs. Fannie Mondscheine. He was to make the safe for her and to turn over the proceeds, less his commission, but he charged with having taken the full amount for his own benefit.

The Chinese washerman, pleaded not guilty to a charge of assault with intent to commit rape. Julius Rosenkrantz, the acid dealer, pleaded not guilty to a charge of assault in the second degree.

The embezzlement and forgery cases against Charles L. Wentz were continued over the term on defendant's motion.

Judge Lewis has granted a continuance in the grand larceny cases against George A. Elder. This probably means that the cases against him will not be pushed.

**GRAND JURY'S REPORT.**

The grand jury made its final report and was discharged this morning without returning any further indictments.

The only public institution visited was the poor farm, and a committee inspected that place on request of the superintendent and upon his statement that some of the inmates had been making complaints. The committee reported that it found the building clean and neat and in a good general state of repair. A little work must be done in repairing the foundation stones of the main building without much trouble or expense to the county. The inmates were questioned and no complaints were heard either of lack of care or food or of treatment.

In Room 3 of the case of Martha Coleman against the Missab road was still on trial at noon. The jury in the case of the State, baney against Becker Swenson was hearing the arguments, and it was expected that the case would be decided by the jury this afternoon. In the case of Joseph Roy against the Duluth Street Railway company, the defense was making its closing argument at noon.

#### THE FRANKLIN TROUBLE.

Sheriff Butchart Has Returned Anticipating no Trouble.

Sheriff Butchart returned last evening from the Franklin mine, near Virginia. He says the trouble there is all quieted down. At the time of the strike 320 men went out. The mine was then shut down, but loading from the stock pile with the steam shovel was continued. The men stopped this and declared that until they were paid no work should be done. They have one month and four days pay due them.

Sheriff Butchart on Wednesday managed to keep the strikers away and got the steam shovels started up, but yesterday morning they again took possession, and would not be moved. It was then decided to shut down and the men are to be paid off today or tomorrow. They are nearly all Finlanders. They claim that as soon as they get their pay they will leave the mine and not molest the work there or interfere in any way with any new men going in. They have not behaved in a riotous or disorderly manner beyond stopping work with the shovel.

Sheriff Butchart does not believe there will be any more trouble or any call on the county for aid.

It has been announced that the mine is to be closed down for the summer. This is regarded by iron men as a big bluff and it is expected that it will be at work again in a very short time. This mine produces a high grade of Bessemer ore, with constant work, a good market, and there is not much probability that there will be any shut down.

The Franklin is the same mine which gave trouble last summer and there

seems to be no doubt but that the men there get the lowest wages paid on the Mesaba range.

#### CITY BRIEFS.

Cullum, dentist, Palladio. Phone No. 9. Teeth filled without pain—Dr. Schiffman.

Smoke Endion cigar. W. A. Foote. Husband, don't forget Imperial flour. The elevator is now running in the new postoffice but as it has no electrical bell attachment it is much quicker to walk down from the top floor than it is to wait for the car to come up.

A transcript from the district court of St. Louis county in the case of John McCabe vs. the Chicago, St. Paul, Minneapolis & Omaha railway has been filed in the office of the United States circuit court.

In police court this morning Roderick McTavish and Tom McDonald pleaded guilty to charges of drunkenness and were given suspended sentences. Mike Tabber and Dan Gilmore also pleaded guilty but they were committed for ten days each.

The birth of a son to George and Henrietta Jettreu, 1530 West Superior street, has been reported to the board of health.

The board of health has been notified of the death of Robt. Kirchan, 419 Fourth avenue east, aged 9 months, of bronchitis attended by complications. Without a doubt the newsboys concert at the Bethel will be one of the most interesting of the season, as it is the first of the kind ever undertaken. For weeks the boys have been working hard to learn their parts and for their work should have the Bethel packed to see them. It only costs 10 cents and the proceeds go for the benefit of the Bethel.

Schulenberg & Koors grocery store at the corner of London road and Eighteenth avenue was burglarized on Wednesday night and a large amount of flour, cigars, coffee, butter, syrup and general groceries was carried off.

Last evening at the residence of Robert Forbes at Woodland Miss W. E. Shoum and Harry J. Brand, both of Duluth, were married. Rev. C. H. Patton, whose religious society is the church, performed the ceremony. Only intimate friends were present. They will be at home for today at 431 London road.

Alex Bates said this morning that he had closed deal with Cleveland utilities to explore the D. W. Hall property in the Seine River region. The prospect is known as H. L. Bates and S. The body of Charles Emory, who was struck by lightning yesterday, was shipped to Bay City for the Omaha today.

#### PERSONAL.

Harry B. Earhart is in Minneapolis today.

Mrs. A. E. Humphreys and children have just returned from a six-months' trip to Florida, West Virginia and Ohio. Mr. Humphreys returned yesterday from a month's trip to British Columbia.

Frank M. Zellar leaves this evening for Grand Rapids, Mich., and Philadelphia, where he has suddenly been called on business. He will be gone several days.

C. H. O'Brien, John J. Rhodes and J. M. Hannaford, of St. Paul, came in from their river where they have been fishing and returned home this afternoon.

Charles M. Harrington, of Minneapolis, is in the city today.

W. H. Crandall, of St. Paul, and A. A. Crandall, of Toronto, are at the Spalding.

J. H. Madden has returned to Ashland.

A. H. Hendershot and son, of Chicago, are in the city.

E. C. Long, of St. Paul, is in the city, and Mrs. A. P. White, of Biwabik, are in the city.

Mr. and Mrs. Walter Armstrong arrived in the city today. They were married in Fargo, N. D., about a month ago.

George Williston returned today from Pass Christian, Miss., where he has been for two months.

E. B. Clark went East today.

#### WERE NOT VAGRANTS.

Three Men Against Whom Charges Were Not Sustained.

Wednesday morning Martin McGuire, John O'Brien and William Kelly were arrested while taking a sociable drink of beer out of a bucket and locked up in the city jail. Detective Benson filed charges of vagrancy against the men, and this morning it was found convenient to give them a trial.

The men, who are common laborers employed on the docks, resented the charge of vagrancy and made very good showings as to character and intentions. O'Brien, in fact, showed that he had a room rent and a work in advance, and McGuire produced a witness to vouch for him. Both were discharged, despite the testimony of prosecuting witnesses that they were bums and toughs and a menace to the peace and welfare of the city.

Kelly, who showed considerable spirit and a desire to stand up for his personal rights, did not present quite so good a case as the two others, but there was nothing to show that he was a criminal or dangerous character. Sentence was suspended and he was allowed to go.

**STEVENSON'S BENT BROOM.**

A very inaccurate item regarding the Stevenson bent broom was published in the morning paper a few days ago. The brooms have been manufactured by the Zenth Broom company, of West Duluth. The trial order from the Illinois Central railroad was filed a year ago. The company finding the brooms suitable sent Mr. Stevenson a larger order which was filled about three weeks ago, not on trial but as supply. Some have also been sent to wholesale Chicago houses. There is no intention of forming a company or of manufacturing the brooms at Ironton.

**RECEIVED GOVERNMENT AID.**

F. W. Wiley, of Port Arthur, writes to Duluth people that the Canadian government has given a bonus for the Ontario & Rainy Lake railway for a distance of eighty miles. This will take the road to Seaboard river joining the Port Arthur, Duluth & Western railway at Saint Lake.

**HE CANNOT LIVE.**

Dr. Barrett is falling rapidly today and his physician says he cannot live until morning. His son Fred Barrett, Jr., arrived from Chicago this morning, and his daughter, Miss Fannie Barrett, will arrive this evening from Fairbault, where she is attending St. Mary's school.

Two concerts Sunday at Pavilion.

SOMETHING NEW.

Newsboys' concert at Bethel tonight. Ten cents.

Hear Waugh Lander's Beechoven recital tomorrow afternoon at Turner hall.

## ATHLETES

Princeton and California University Teams Competing in the Field.

The Princeton Grounds Are in Fine Condition--The Weather Warm.

California Men Are Showing Up Better Than Was Expected.

Princeton, N. J., May 11.—The first dual track athletic games between the teams representing the universities of California and Princeton began this afternoon.

The California team is in good shape with the exception of Phil Bradley, who is entered for the one mile and half mile runs and M. Douglas, who is on the program for the two mile bicycle race and running broad jump. There is a good deal of grumbling among the Princeton students as to the make-up of the local team. They contend that it could have been made much stronger.

The general feeling is that the blue and gold bodied athletes from the West will score more points than the wearers of the orange and black. There was quite a large attendance of students and their guests, many of whom

## IOWA'S SILVER CALL.

Forty Democrats Sound a Note of Alarm.

Des Moines, Iowa, May 11.—A call for a state silver conference in this city, June 6, has been issued by about forty well-known Democrats, headed by ex-Lieutenant Bestow. The call says: "It can no longer be doubted that a concerted effort is being put forth by a minority, but a powerful minority, within both the Republican and Democratic parties to foist upon the country the class doctrine of gold monometallism, as distinguished from the genuine bimetallicism contemplated by the constitution and advocated by the Democracy since the birth of the party."

This movement is backed primarily by the money lenders of Europe, and secondarily by the class interests in this country that have grown up under vicious legislation. Their forces, comparatively few in number, but working in perfect harmony for a central purpose have perfected their plans to control the temporary and permanent organization of the state convention to be held in Marshalltown, Aug. 5.

"If the plans of the single gold standard forces are not bravely met and defeated, the party in Iowa will certainly be enrolled under the banner of the European financiers and the Wall street bankers. Let us face the issue like true Democrats and acquit ourselves like men, giving our adversaries no cause for just complaint, but let it be a fight to a finish. This is no time for shirking, no time for silly or disgraceful compromises on vital issues—the welfare of the party for years to come is at stake."

## ENGLISH HORSE RACES.

Great Jubilee Stake Won by Victor Wild.

Kempton Park, Eng., May 11.—The race for the Kempton Park Great Jubilee stake was the event of the day, the second day of the spring racing meeting at this place.

The Kempton Park Great Jubilee stakes is a handicap of 2000 sovereigns.

## TOWED IN

Wreck of the Steamer Hurd Reached Harbor Springs This Morning.

Schooner Charles L. Ryan Has Been Added to Inman's Fleet.

The Otego Sold to Cleveland Parties--Oceanica is Aground.

Chicago, May 11.—(Special to The Herald.)—The wreck of the steamer Joseph L. Hurd, which was in collision with the Cayuga yesterday, while on her way from Duluth to Chicago with flour and oats, was towed into Harbor Springs this morning by the wrecking tug, Favorite. Insurance to the amount of \$10,000 is carried on the Hurd, and the policies contain the collision clause. The total loss occasioned to the underwriters by the collision may safely be placed at \$200,000—a very large and indeed a staggering sum to the companies which carry the risks. It is thought that the insurance on the Cayuga was about equal to the valuation given her in the Lloyd's register. It was placed either by Philadelphia or New York brokers and the companies are therefore unknown. Of the cargo

her and the Cross and Clement will go to Cleveland and the Board of Trade and Ryan at Toledo. The fleet has been chartered to carry lumber to Toledo for Merrill & King for two years.

STEAMER OTEGO SOLD.  
The steamer Otego has been sold. The purchaser is Capt. Joseph Denville, of Cleveland, and the terms are not yet made public, but it is understood that the price is not a heavy one. The principal owner of the Otego was Capt. J. H. Jacobs, of Marquette. Capt. Denville will place the Otego in McDougall's dry dock for a temporary overhauling so as to fit her for the trip to Cleveland, where she will be rebuilt. Capt. Denville now owns the schooner Marsh, and he will use the Otego to tow her in the black stone trade.

CHARTERS TO KINGSTON.  
Chicago, May 11.—(Special to The Herald.)—Kingston business is picking up, the Montague and J. J. Hill being chartered for corn today to that port at 2½ cents. The Egan takes corn to Buffalo at 1½ cents.

THE OCEANICA AGROUND.  
Sault Ste. Marie, Mich., May 11.—(Special to The Herald.)—The Oceanica, bound up with coal, is aground at Sault Ste. Marie.

FREIGHTS FAIRLY ACTIVE.  
Cleveland, May 11.—(Special to The Herald.)—The freight market was fairly active today. A few coal cargoes showed up but on account of scarcity of coal, vesselmen are not looking for loads. The following charters were reported: Wheat—Vulcan, Duluth to Buffalo, 2½c; Ashland, Ashland to South Chicago, 75c; Two Richards, Marquette to Buffalo, 75c; Coal—Hayward, Wagona, Cleveland to Fortage, on private terms. Shipments of ore from the Franklin mine on the Mesaba range have been stopped on account of the miners' strike.

PASSED DETROIT.  
Detroit, Mich., May 11.—(Special to The Herald.)—Up: Samson, Northwest, 11:20 last night; Vulcan, 11:40; Marquette, 11:50; Mayham, 12:10 a. m.; Globe, 1:00; Curry, Emory, Owen and consorts, 7:00; Colgate and consorts, 7:30; Tampa, 7:40; Mariska, Mariska, 8:00; Noreman, 9:15. Up yesterday: Holie, 11:00; Melville, Nyanza, 1:30 p. m.; Spencer, Pennington, 2:00; Toga, 2:30; Wilson and consorts, 3:30; Brazil, 4:30; Outwaite.

## SWINDLED

Twin City Banks Victimized by Some Very Clever Swindlers.

Headquarters of the Gang Were Supposed to be at Stillwater.

One L. C. Rogers is Said to be the Recognized Leader.

St. Paul, May 11.—The clever bank swindlers, whose operations in Minneapolis have become known to the public also had their day in St. Paul and succeeded in cleaning up more money from two of the local banks than they got on the two checks presented at the Northwestern National bank of the sister city.

Two St. Paul banks—The Bank of Minnesota and the Germania bank—are known to have been victimized, the former to the amount of \$45 and the latter for \$20, and possibly some of the other banks, but as yet their names have not become known.

The matter is now in the hands of the local manager of Pinkerton's agency, which represents the American Bankers' association, and arrests are looked for at almost any hour.

The transactions of these clever swindlers were carefully planned and skillfully executed, the work undoubtedly of professionals who have made their headquarters in Stillwater. The head of this clever firm is a fictitious person who has operated as "L. C. Rogers, attorney and consultant, law, P. O. box 956, Stillwater."

This clever firm of swindlers operated in this city before going to Minneapolis, but their entire transactions were practically one deal, as the preliminary work was done in Stillwater the last few days in April.

## UNSEASONABLE FROSTS.

Garden Truck and Fruit Damaged in Various Places.

Sioux City, Iowa, May 11.—Dispatches from points in Iowa, South Dakota and Nebraska report frost last night. Garden truck and fruit trees in bloom appear to have suffered the greatest damage. Corn and other grains were only slightly damaged. In the Black Hills, in South Dakota, four inches of snow fell. Water is reported to have frozen at Jefferson, Iowa. Conditions are favorable for more frost tonight.

Omaha, May 11.—Reports from all sections in Nebraska indicate that last night's severe frost did comparatively little damage. Gardens suffered some in many portions of the state. In the northern part of the state grain on low ground was affected, and will be put back a couple of weeks. Snow fell last night at Fort Robinson.

Sterling, Kan., May 11.—Heavy frosts last night killed vegetables, and small fruit suffered.

Minneapolis, May 11.—Specials to the Journal from various points in South Dakota are to the effect that light frost last night hurt garden crops in low land, but that there was no damage to wheat.

KILLING FROSTS TONIGHT.  
Chicago, May 11.—The signal office here predicted today killing frosts for fifteen states in the West and Northwest tonight. Warning signals were displayed through the wheat-raising districts of Michigan and in the cranberry country in Wisconsin. The board of trade was also notified of the expected frosts, although the weather bureau officials were unable to say whether wheat was likely to be seriously damaged. The weather in Chicago was clear and cold, the nightglasses and straw hats of yesterday being succeeded by overcoats and gloves.

A GOOD START.  
St. Joseph, Mo., May 11.—Joseph Burdick, colored, was hanged here today for attempted rape upon a 7-year-old girl. The drop fell at 10:55, and a few minutes later Burdick was pronounced dead. The crime for which the negro was executed was committed July 29, 1894. The man was tried and convicted last October. This is the first legal execution for attempted rape ever held in the state.

GERMANY'S REICHTAG ADJOURNS.  
Berlin, May 11.—After the rejection of paragraph 112 of the anti-revolution bill, the reichstag refused to discuss the measure any further. All amendments were withdrawn and the entire bill, paragraph by paragraph, was rejected without debate, and the reichstag then adjourned.

CURE WAS INFALLIBLE.  
Green Bay, Wis., May 11.—J. Henry Delaney, a prominent merchant tailor of this city, was arrested today by government officials charged with using the mails to defraud. The complaint alleges that he advertised in Eastern papers a cure of the liquor habit for \$1. The cure, it is claimed, was to take the pledge and keep it. The complaint in the present case is a Pittsburgh minister. Delaney was given a hearing before a court commissioner and bound over.

were ladies, before the games began and a very large crowd is expected here this afternoon, when the baseball game between Princeton and Harvard is called.

The track is in excellent condition, and the field is also in excellent shape for the field contests. The weather is everything that could be desired, although it is a little too hot for the comfort of the several contestants. The pole vault went by default to Princeton, as the visitors brought no pole vaulter with them.

The first event, 100-yard dash, was won by Pa. Allen, Princeton, James Scoggins, California, second. Time 10.2-8.

Half-mile run—Philip Bradley, California, first, John Haddon, Princeton, second. Time 2m 6 1-8.

One hundred and twenty yard hurdle race—E. J. Dyer, California, first, H. H. Torney, California, second. Time 16 1-8.

Putting 16-pound shot—F. W. Kock, California, first. Distance, 28 feet 10 inches; W. L. Schmalhorst, Princeton, second. Distance, 27 feet 1 inch.

One-mile walk—E. Q. McVey, Princeton, first; L. Mervin, California, second. Time 7m 42 2-8.

Two hundred and twenty yard dash—Ralph Derr, Princeton, first; J. W. Scoggins, California, second. Time 22 2-8.

Later—Total points, California, 76; Princeton, 51. Firsts count five points, seconds count three.

DISTILLERIES TO BE GUARDED.  
Chicago, May 11.—The whiskey trust distilleries at Peoria will be put under guard of United States deputy marshals tomorrow and will be guarded for an indefinite period. The trust's receiver, Gen. McNulta, applied to the United States authorities for the deputies and they were sent to Peoria tonight. The United States marshals were in ignorance of the reason for the armed guard.

ZINC WORKERS SATISFIED.  
Novada, Mo., May 11.—The employees of the zinc works refused to strike as ordered. No more striking will be held and the delegation from Pittsburgh will return home.

distance one mile. The result was as follows: Mr. W. T. Wornton's chestnut colt, Victor, 5½ years old, by Albert Victor, out of Wild Hindress, 8 stone 4 pounds, first; the duke of Westminster's bay colt, Grey Leg, 4 years old, by Popper and Sall, 8 stone 4 pounds, second; Col. North's bay horse, El Diablo, 6 years old, by Robert the Devil, out of Tuntum, 7 stone 12 pounds, third. Eighteen horses ran.

Victor Wild won by six lengths, and three lengths separated second and third horses at the finish. The betting at the post was 20 to 1 against Grey Leg and 100 to 11 against El Diablo.

THREE ARE DEAD.  
Chicago, May 11.—Two fatalities have resulted from an explosion and fire that wrecked the saloon and lodging house at 10 Sherman street early this morning. The dead are: August Michel, Alexander Sumko, Michel kept the lodging house and was injured by jumping from a third story window today. Sumko was a fugitive and was rightfully burned, dying at St. Luke's hospital early today. Ten other persons who were injured by the flames or in jumping are recovering at the hospital.

The third death resulting from the explosion occurred this afternoon, when Frank Dougl died at the county hospital. He was a fugitive and was so badly burned that he could not give a name, but was identified by an acquaintance shortly before his death. Dougl was a carpenter and was unmarried.

THE SOUTHERN BAPTISTS.  
Washington, May 11.—The Southern Baptist church convention resumed its session this morning. The Rev. S. A. Munnely, of Tennessee, offered a preamble and resolution relative to the appointment of a church building board which was appropriately referred. The report of the committee of 100, which was adopted, recommended that members contribute one-tenth of their incomes to the church. The report of the Sunday school board was adopted without discussion.

risks the British and Foreign, and North American syndicate which inaugurated such marked cut in rates this spring held not less than \$40,000. As a matter of fact the regular lake underwriters suffer only trifling losses, and their representatives are a happy lot of men. The Hurd had been out of commission for several seasons on account of the business depression. Her master was Capt. Charles E. Wilson.

ADDED ANOTHER BOAT.  
Schooner Charles L. Ryan Now in Capt. Inman's Fleet.

Capt. B. E. Inman has added another boat to his lake fleet. A deal has been closed within the past week by which the schooner Charles L. Ryan was transferred to Capt. Inman by C. L. Ring, of the firm of Merrill & Ring, the papers being filed in the custom house today. The terms are private. This will make an addition to the Belle P. Cross tow of lumber boats, thus giving a clean tow of 2,200,000 feet of boats which can go where the larger boats cannot and it will make a very convenient fleet.

The four boats are the propeller Belle P. Cross, and the schooners Chicago L. Ryan. The Ryan has a gross tonnage of 117½ tons, is 164½ feet in length, 31 feet in breadth and 11 feet in depth, and was built in 1875.

The four boats are now loading lumber.

**HOW TO TREAT A WIFE.**  
(From Pacific Health Journal.)  
First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom. To this we would always keep a bottle of Chamberlain's Cough remedy in the house. It is the best and is sure to be needed sooner

HOW'S THIS!

We offer \$100 reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by their firm.

W. C. & Truax, Wholesale Druggists, Toledo, O.

W. K. Kinnear & Marvin, Wholesale Druggists, Toledo, O.

Cheney's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It is perfectly safe. Price 50c per bottle. Sold by all druggists.

Popular Pavilion concerts are pleasing the populace. The crowds attending prove it.

Popular bouquet cigars. A. A. Hirsch, Board of Trade.

**Sweet Gentle  
And Most  
Economical**

Sold throughout the world. Price, Cuticura, 50c.; Soap, 25c.; Resolvent, \$1.

We will give \$25.00 in gold to the lady who sends us on or before June 1st next, the best poem upon the subject "Duluth," for the publication in the Duluth Exhibit. Poems must be at least fifty, and must not exceed one hundred and twenty lines. The judges will decide upon the merits of poems are Hon. C. A. Towne, Messrs. C. F. Johnson, W. T. Thompson, A. E. Chantler and John Stone Pardee.

Contestants will please put name and address on separate card and enclose with poem to avoid any possible partiality. Amount will be paid as soon as decision is reached.

**EXPERIMENTAL STATIONS.**

**Crookston and Wadena Are Likely to be Selected.**

The northern part of the state is hust-

experimental stations which were provided for by the recent legislation. The following are the places which hope to secure these plants are Crookston, where the University of Minnesota has a station; Wadena, Brainerd, Staples and Bemidji, where the Minnesota Experiment Station has stations; and the University of the North Dakota has a station at Grand Forks. The act requires that one of the stations in each of the above-named places which will arrange the contest for the year 1910 will be the one to which the prize will be sent.

The hearing board, Col. Liggett, State Superintendent, Pooler, State Game Warden, and Dr. J. A. Sault Center, and Professor Hayes, of the agricultural institution, who left last Monday, will select a suitable location in the Red River Valley. They returned Thursday night and made their report.

The probability that one station will be located in the vicinity of Crookston is very probable.

**Ladies' Tailoring**

at greatly reduced prices. Suits formerly

5 cents per hundred weight. We also have the only fire-proof storage building in Duluth, Office 210 West Superior street. Duluth Van company.

Pure blood is absolutely necessary in order to enjoy perfect health. Hood's sarsaparilla purifies the blood and strengthens the system. 3

AN ELEGANT HOME AT A SACRIFICE

**Beautiful Deerwood!**

**Deerwood Inn**  
**Now Open.....**

**WE HAVE ONE OF THE FINEST RESIDENCES** in the East End on a beautiful corner lot. The house is a most elegant home must be sold. Here is the price, \$7500; easy terms. This property actually costs the owner \$1350. Trade our lot and house for your property. It is an opportunity of a life time.

**D. H. Stevenson & Co.,**  
1000 Broadway, New York City.

**WE WOULD LIKE TO NOTIFY THE PATRONS OF THE** Doerksen line that the line is now open for the American group. The same information as in 1921—the flowerers having secured exclusive control.

**Low Rates up to June 1st.**

First class and first rate quarters for all. Hotels our own and only a nominal charge. About half rate up to June 1st. Everything, including boats and new.

**H. W. C.**

**Farm Lands**  
NEAR THE CITY. Very choice for  
dining and all agricultural purposes.  
**Bradley & Hanford Lumber Co.**

# HISTORY

## Summary of the Organization and Work of St. Paul's Church.

## General G. B. Sargent Was Instrumental in Erecting First Building.

## Names of the Different Rectors and Their Terms of Pastorate.

St. Paul's Protestant Episcopal church owes its origin greatly to the interest and efforts of Jay Cooke. In the latter part of the 60's that distinguished Philadelphian was largely interested in the Northern Pacific railway. He was also a churchman of the low church party and among his numerous beneficent plans was the establishment of a church in Duluth. Bishop Whipple, however, broke the soil in Duluth. Aug. 5, 1866, he celebrated the holy communion in Old Superior and in the afternoon of the same day, in the house of L. Marvin, register of the United States land office, preached and baptized two children of Mr. Nettleton and one of Mr. Ray. The next day he baptized five of Col. Culver's children and in the evening delivered a lecture on Palestine.

In 1869, Jay Cooke's interests in Duluth were represented by Gen. G. B. Sargent, a Christian gentleman and loyal churchman. May 15, 1869, the following paragraph appeared in the columns of the Duluth Minn.: "Gen. G. B. Sargent is commissioned Episcopal minister of Duluth and will hold his first service for worship according to Episcopal forms."

Work on the new structure commenced at once and early in July the basement was excavated. Sept. 15, was the contract time for completing the structure. The bell and organ arrived the last of October and worshippers were first called to worship in the church by the bell Oct. 31, 1869.

The first church clergyman to visit Duluth seems to have been Rev. E. Cooper, of Astoria, New York. He preached here in the school house Aug. 8, both forenoon and afternoon. On the following Sunday, Aug. 15, he preached at Superior.

Nov. 29, an announcement was made to Duluthians that Rev. Mason Gallagher, of Paterson, N. J., had accepted a call to the young church. About that time—in fact Nov. 21, a Sunday school was organized and a lay service conducted in the school house, the church by Mr. Hudson. The church was entirely completed in December. On Jan. 1, 1870, the church was dedicated and the first service was held. Mr. Gallagher had arrived and conducted services on that occasion.

Mr. Gallagher's rectory was of short duration. Sept. 25, 1870, he preached his farewell sermon to a crowded house. He was an earnest, low church man and he did not closely observe all the forms and rites of the Protestant Episcopal church. His administration the church was not incorporated nor united with the ecclesiastical authorities of Minnesota.

THE WHISTLE BLEW. The Parish Messenger, from which most of these facts were taken, gives the account of a very amusing incident that took place while Mr. Gallagher was here. It happened on the day of the fall before the last of November and the first vessel arrival of the spring was anxiously awaited. Sunday the congregation had assembled and the service proceeded until nearly the close of the morning when the steeple of Keweenaw blew her whistle and the church was emptied of all save the rector. That evening after the service, the following notice was announced: "Service next Sunday morning at half past ten. Providence permitting, the whistle of the Keweenaw does not blow."

Soon after Mr. Gallagher's resignation the bishop of the diocese visited Duluth and brought with him Joseph A. Gillilan, who had just completed his theological studies. On Sunday, Oct. 8, 1870, Mr. Gillilan was ordained deacon in St. Paul's church. On Oct. 15, he was in charge of the services. Sunday, Oct. 29, the bishop consented to the organization of a parish and the following request of the resident church members. Organization was effected under the state laws and application made to the church council for union with the diocese. The name selected was "St. Paul's church, of Duluth." In memory of Rev. R. J. Patton, who while rector of St. Paul's church at Cheltenham, Pa., had been instrumental in the erection of the church here and whose parishioners were generous contributors. The Cheltenham church responded to the compliment with the presentation of a font, cut from the first sandstone quarried from the Fond du Lac quarries, early in the summer of 1872.

At a meeting held Oct. 25, 1870, the following officers were elected: Gen. George B. Sargent and John B. Culver, wardens; James L. Smith and Charles C. James, vestrymen. Tuesday, Jan. 24, 1871, Mr. Gillilan was advanced to the priesthood in St. Paul's church. He resigned the rectory in June, 1872, holding his last service on the Sunday before the council. MR. GILPHILLAN'S PASTORATE. When Mr. Gillilan took charge in Duluth, he found nineteen communicants, and when he left there were fifty-two. During his pastorate twenty-two were confirmed and sixty were baptized. At that time Duluth was at a standstill and had at no time over 3500 people. In his report to the council in 1871, Mr. Gillilan reported occasional week day services at Ontonagon and at Thompson's station, sixteen miles distant. In 1872 he reported two baptisms at Kokonong, two at Northern Pacific Junction, four at Thompson and one in Brainerd. His pastorate was a busy one. Most of the time he held three services each Sunday, one of which was at Superior. Occasional services were also held at Rice's Point.

After Mr. Gillilan's resignation, lay services were all the parish had. In October and November, 1872, Rev. L. N.

# SPORTING

## Boxing Tournament at the Pavilion This Week's Chief Event.

## Entries For High School and Y. M. C. A. Field Day Close Thursday.

## Officers of the Day Have Been Appointed-Other Sporting Matters.

The boxing tournament at the Pavilion Wednesday night, given "for the purpose of furthering the boxing interests of the Northwest," was a success from a financial standpoint, and it afforded much amusement to the large crowd in attendance. It was the principal and in fact the only sporting event of the week, and it was brought off in a highly successful manner by its promoters.

The Y. M. C. A. baseball club met Monday night and elected Iver Wisted captain in place of Krelwitz, who has gone over to the Duluth club. It was decided that the athletic grounds to be arranged on Duluth Heights.

The entries for the joint field day close next Thursday, and those who are to enter should do so before that time. The association lists for Saturday, Oct. 12, are as follows: At Ames and the high school lists with Charles Hutchinson. The following track officers have been appointed: Judges of finish, Dan Cameron and Frank Thompson; timers, H. Abbott, Bailey and M. Watson; referee, Fred Richardson; starter, Dr. McNulty; clerk of course, Elmer Halling.

Colors are to be worn by every contestant, red and white by the high school boys and black and red by the association contestants. All will be numbered, the association from twenty to thirty and the high school from one to twenty.

The barriers club made a quick four and a half mile run last Saturday. No paper was scattered and the club ran together without hares. The time was as follows: Wheatley, 27:25, scored 5; Turner, 27:50, scored 3; Reese, 27:51, scored 1. The run was made partly in the rain, and Nick Murphy stopped under a box car to wait for the clouds to roll by.

The club will run in from Lakeside this afternoon.

J. L. Leary, of Duluth, in an afternoon's fishing at the mouth of Mud river at Aitkin last Wednesday landed 75 pounds of fish in three hours, including a monster muskellunge which scaled twenty-three pounds.

The Cricket club got out for a practice game last night at Glen Avon.

It has been suggested that it would be an excellent idea to have a sailing race here on July 4 in connection with the boat club races. There are any number of smart sailing craft in the harbor that would make a good race, and there has not been a formal race since Oct. 11, 1892, when the Frolic and the Siren raced around the horn. The Siren made the trip in two hours and the Frolic in one hour and fifty-five minutes and ten seconds. So far as known those records have not been beaten since.

LIVELIHOOD IN LITERATURE. Those who have talent in literature or art in their various branches in this country, and who have talents in some degree commensurate with their ambition, are generally able to make a livelihood. In the very front rank are beginning to receive incomes which would be highly satisfactory to a teacher or physician. Of course original work in literature or art demands special ability

The Cricket club got out for a practice game last night at Glen Avon.

It has been suggested that it would be an excellent idea to have a sailing race here on July 4 in connection with the boat club races. There are any number of smart sailing craft in the harbor that would make a good race, and there has not been a formal race since Oct. 11, 1892, when the Frolic and the Siren raced around the horn. The Siren made the trip in two hours and the Frolic in one hour and fifty-five minutes and ten seconds. So far as known those records have not been beaten since.

LIVELIHOOD IN LITERATURE. Those who have talent in literature or art in their various branches in this country, and who have talents in some degree commensurate with their ambition, are generally able to make a livelihood. In the very front rank are beginning to receive incomes which would be highly satisfactory to a teacher or physician. Of course original work in literature or art demands special ability

# SPORTING

## Boxing Tournament at the Pavilion This Week's Chief Event.

## Entries For High School and Y. M. C. A. Field Day Close Thursday.

## Officers of the Day Have Been Appointed-Other Sporting Matters.

The boxing tournament at the Pavilion Wednesday night, given "for the purpose of furthering the boxing interests of the Northwest," was a success from a financial standpoint, and it afforded much amusement to the large crowd in attendance. It was the principal and in fact the only sporting event of the week, and it was brought off in a highly successful manner by its promoters.

The Y. M. C. A. baseball club met Monday night and elected Iver Wisted captain in place of Krelwitz, who has gone over to the Duluth club. It was decided that the athletic grounds to be arranged on Duluth Heights.

The entries for the joint field day close next Thursday, and those who are to enter should do so before that time. The association lists for Saturday, Oct. 12, are as follows: At Ames and the high school lists with Charles Hutchinson. The following track officers have been appointed: Judges of finish, Dan Cameron and Frank Thompson; timers, H. Abbott, Bailey and M. Watson; referee, Fred Richardson; starter, Dr. McNulty; clerk of course, Elmer Halling.

Colors are to be worn by every contestant, red and white by the high school boys and black and red by the association contestants. All will be numbered, the association from twenty to thirty and the high school from one to twenty.

The barriers club made a quick four and a half mile run last Saturday. No paper was scattered and the club ran together without hares. The time was as follows: Wheatley, 27:25, scored 5; Turner, 27:50, scored 3; Reese, 27:51, scored 1. The run was made partly in the rain, and Nick Murphy stopped under a box car to wait for the clouds to roll by.

The club will run in from Lakeside this afternoon.

J. L. Leary, of Duluth, in an afternoon's fishing at the mouth of Mud river at Aitkin last Wednesday landed 75 pounds of fish in three hours, including a monster muskellunge which scaled twenty-three pounds.

The Cricket club got out for a practice game last night at Glen Avon.

# TIGERS

## Hunting the Bengal King of the Indian Jungles.

**A Ticklish Amusement That  
Calls For Nerve and  
Skill.**

### Some Anecdotes of Personal Experience With These Lordly Animals.

## Lordly Animals.

---

It is one thing to see that noble beast

of the forest, the royal Bengal tiger. In captivity, pacing backwards and forwards, a prisoner in his iron cage at the Zoo, but a very different one to meet him face to face in all freedom in his haunts, where he is master of the situation, says the Philadelphia Times.

The prevalent idea that the Bengal tiger will, on all occasions when the opportunity offers, spring out on you from his lair is quite erroneous. A distinction must be drawn between the man-eater and the ordinary animal. Once

A tiger that tasted human blood he becomes practically a man-eater and a man-hunter, preferring that meat to any other, but even a tiger that usually kills its prey would sooner retreat than attack, and it is beyond a doubt that a tiger's instinct develops into common sense, even with the most ferocious man-eater.

In 1860 a young officer, a "griff," owing to ill health, had to be sent on sick leave to the hills "puky dalk," that is by chair and bearers, an easy, comfortable and agreeable way of traveling in such a country, but by no means the most expeditious or the cheapest. For bearers or carriers, eight in number at the end of each stage ren-

erally neously approach the traveler and ask for a tip, which, although not entitled to, they generally get. It being wise to give it, more especially at night, we were not surprised to find a road with dense jungles full of tigers and all kinds of wild animals on either side. Torches at night are always carried by the reserve bearers, as much as by the guides, and are always lit. All went on well until one night, a very dark one, in the midst of a dense jungle noted for man-eaters, the young officer had a ghastly experience. He was walking in the rear of the party, and, hearing one of the Calk bungalows. Having awakened out of a nice sleep he positively refused to tip the men, who then refused to carry him any further and he walked out.

his pistol fired at them, whereupon they bolted, leaving him alone in the dark road in the middle of the jungle. Total ignorance of the distance he was from the bungalow there was nothing for it but to draw the sliding doors of the palkey and remain lying down as long as possible, waiting for the worst circumstances until break of day, and he thought himself a most fortunate fellow to find himself alive and with a whole skin when, after he had been left alone in the jungle, he was told that he was considerably scared on hearing the roar of a tiger close at hand. He knew, however, that he was perfectly safe, and he was not at all surprised to hear presently he further heard the tiger walking round the palkey and rubbing his back against the trunk of a

ing himself against the sides. The officer expected that every moment he would be shot down by the enemy. He braved retired to the jungle, not having time to break in, because the palky, being made entirely of wood, he was afraid of getting splinters from it. He hid in the dense long grass under the griff. Had he but known of his security, how different would his feelings have been. He found that he had not been left alone; he soon saw two men, one of whom walked, and getting a relay of bearers, conditionally upon his paying extra, owing to the scare here had given to the old lot, he proceeded directly to the camp of Nymee-Tall without further mishaps.

In 1860, when quartered at Dum Dum, a military department close by Calcutta,

plag). These are terrible animals, causing no end of annoyance, being so hard to flush. The best sport of all, though, is to get a tiger to kill a couple of rice fields and kill from twenty to thirty couple a day. Here, I found what is called the painted snake, a larger snake than the full snake, plumper, but not so big. It is a very common specimen in any other country, but in this taste there is no comparison between the tiger and the full snake.

ing down to Calcutta soon came to terms for a cabin, sail and rowboat combined, with the proper complement of men, and getting our things on board. The boat was a fine affair, and carrying a nice roomy cabin. Things were soon stowed away, guns and rifles unpacked and in readiness at a moment's notice. On each side of the stern there were two small platforms, and the boat soon had the opportunity of judging distance and firing at the huge alligators and crocodiles, having good sport for some time. The boat was then placed secure for our first landing. During the night we invariably remained anchored in midstream.

We had many exciting and successful days, but the antelope which we were after, they are difficult to approach

President, Board of Public Works.  
(Seal.)

**R. MURCHISON,**  
Clerk, Board of Public Works.  
Nos. 1-143.

State of Minnesota, County of St. Louis, ss.  
District Court, Eleventh Judicial District.

In Re Matter of the Assignment of Martin Sorenson, Insolvent.

Upon reading the annexed affidavit, and the report of N. J. Norbury the duly qualified and acting assignee of said insolvent, and the time in and the filing of claims against said insolvent, the undersigned, Judge of said court, A. D. 1885, and that said assignee has filed a true and correct copy of the same summary statement of receipts and disbursements, now, therefore, it is

Ordered, that all creditors with claims against said Martin Sorenson, in and to the distribution of the dividend of said estate, do so before the 20th day of May, A. D. 1885, file their duly verified receipts, and the same shall be delivered to the undersigned, Judge of said court.

Further Ordered, that this order be published in The Duluth Evening Herald on two consecutive days, to wit: on the 10th and 11th days of May, 1885, and that all known creditors thereof, together with said summary statement, be delivered to the undersigned, Judge of said court.

By the Court.  
J. D. ENGLISH, Judge.

**NOTICE OF MORTGAGE SALE.**

Default has been made in the conditions of a certain mortgage containing as follows: That the sum of \$100,000, loaned by John M. Caplis and Anna Caplis, his wife, to the said John M. Caplis, in and to the said mortgage, bearing date the 16th day of November, 1880, and recorded in the office of said county clerk, in and to the said county of St. Louis, County, Minnesota, on the 11th day of November, 1880, at 8 o'clock a. m. in Book 62 of mortgages, on page 194, and which said mortgage was lawfully and lawfully was duly assigned by said Alexander M. Caplis, to the said V. Ashton, who is now the owner and holder thereof, by written instrument, bearing date the 16th day of November, 1880, and duly recorded in the office of said register of deeds, on the 22nd day of November, 1880, at 8:30 o'clock a. m. in Book 7 of mortgages, on page 211.

And, whereas, said default consists in the non-payment of the sum of eighteen hundred fifty-one and 11/100 dollars, principal and interest, now due by the terms of the note secured by said mortgage, and in the failure to pay two hundred and two dollars principal for insurance upon said premises as provided in said mortgage, and heretofore made by the undersigned, and which by the terms of said mortgage became a part of the debt secured thereby, there is therefore claimed to be due upon said mortgage, at the date of this notice, the sum of two thousand fifty-three and 11/100 dollars, and no action or proceeding at law or otherwise has been instituted to recover the same from said debtor.

Now, therefore, notice is hereby given, that by virtue of said power of sale, and in pursuance of the provisions therein made and provided, the said mortgages herein described and situate in St. Louis County, Minnesota, two parcels of land, to wit: one in block number nine and ten (9 and 10), in block number thirteen (13), in West Duluth, Minnesota, according to the plat thereon, and plat thereof, which premises, with the hereunto and heretofore interest therein, sold by the sheriff of said St. Louis County, Minnesota, the front four feet of the court house, of said county, in and to the said block number nine and ten (9 and 10), on Monday, the 10th day of June, 1885, at 10 o'clock in the forenoon, at public auction, to the highest bidder in cash, to pay said debt of two thousand fifty-three and 11/100 dollars, and the interest thereon at the rate of 8 per cent per annum, and the costs of said sale, and the said "seventy-five dollars attorneys' fee, attorneys' fees, and the costs of said sale, and the use of foreclosing, and the disbursements allowed by law, subject to redemption, and within the time and terms from date of sale, as by law provided.

Dated April 27th, 1885.  
CORA V. ASHTON,  
Assignee of said Mortgage.

**RICHARD J. DAVIS,**  
Attorney at Law.
